"I Sold My Team and Bought 2 Cows"

... and Made an Extra \$300 Last Year!"

I was glancing through the mail yesterday when a fellow comes in who bought a Farmall Cub tractor last spring. I says, "Sit down and make yourself at home."

"You know," he begins, lighting his pipe, "I always used to think I couldn't farm without a team. Well, I sold my team and bought two cows—and made \$300 extra since I bought that Farmall Cub last year!"

"How'd you get along with your field work?"

"Got the best crops I ever had. Had time to make a little over \$100 doing some work for the neighbors. Those matched, quick-change implements, with fingertip Farmall Touch-Control sure save a lot of time and hard work."

"How does your family like the Farmall Cub?"

"Well, we have more fun together, and live better, too. Like the kids say, even working's fun with a Farmall Cub!"

"Had any trouble with it yet?"

"No. Hasn't cost me a cent, except for a little gas and oil."

"Well, don't forget—when you do need parts or service, I'm always here to help."
