

A critical shortage of sulfur used to make sulfuric acid — a serious factor in the 1952 shortage of superphosphate. More than 450 Tar Heel home demonstration club members are now corresponding with foreign women in a State-wide "Letter Friends" project.

North Carolina's Agricultural Experiment Station points out that corn yields in the Southeastern States could be increased 42 per cent by adding 30 pounds of nitrogen per acre.

The Secretary of Agriculture says that "fertilizer, when used under proper conditions and in conjunction with other desirable practices, can bring about a greater increase in production of all crops than any other single influence."

USDA reports that chemical fertilizers provide farmers with an effective means of building the land for increased future production as well as playing an important part in current production.

Fertilizer consumption in the United States has increased from a pre-war average of about 7.5 million tons to over 20 million tons in 1951.

There are more than 100 chemical nitrogen plants in the United States and in addition large quantities of nitrate of soda are imported from Chile.

David C. Lanier Leaves After Two Weeks At Home

visiting his parents, Mr. and Mrs. Frank Lanier of Lyman. Lanier has now finished his basic training and corps course. Basic training was taken as a member of squad 3718, sp. 3710 at the Leeland Air Force Base. He left home Monday to report at Camp Kilmer, N. J. on April 8th, 1952. The Lyman private enlisted in the Air Force on October 10th, 1951 and is in line for overseas duty. The private is a graduate of Chinquapin High School.

Personals

Miss Louise Hatcher, Mr. Alpha Edwards, Miss Bernice Moore and Mr. Ernest Foster attended the service of Rev. Reuben Jones and his gospel singers at the Christian Tabernacle in Jacksonville Sunday night. It was the close of his two weeks' visit.

Mrs. Tyson Lanier, O. A. Lanier,

NOTICE

IN THE GENERAL COUNTY COURT

North Carolina
Duplin County
Eloise Graham Farrior
vs
Bryant James Farrior

The above named defendant, Bryant James Farrior, will take notice that an Action entitled as above has been commenced in the General County Court of Duplin County, North Carolina, by the plaintiff to secure an absolute divorce from the defendant upon the ground that the plaintiff and the defendant have lived separate and apart for more than two years next preceding the bringing of this Action, and that the defendant will further take notice that he is required to appear at the office of the Clerk of the General County Court of Duplin County, in the Court House in Kenansville, N. C., within twenty days after the 16 day of May, 1952, and answer or demur to the Complaint filed in this action, or the plaintiff will apply to the Court for the relief demanded in said complaint. This 10th day of April, 1952. R. V. Wells
Clerk of General County Court
William E. Craft, Attorney.
5-1-4T W.E.C. pd.

WOOD'S S-240 HYBRID CORN

MR. FARMER—Have you your supply of Wood's S-240 Hybrid Seed Corn? Planting time is here and we urge that you place your orders NOW to avoid disappointment. Wood's S-240 Hybrid is the high yielding, weevil resistant Hybrid developed by T. W. Wood & Sons to overcome the unfavorable growing conditions of the Coastal Plain area. S-240's long tight shucks and hard solid grains make it one of the most weevil resistant corns now available. Heavy yields, solid ears, and deep root system are just a few of its other fine qualities. You can't live far from someone who has grown S-240. Ask them about it and then order your seed stock soon.

Complete Stock of Other Seed Corn Including —

HYBRIDS Dixie 18—Yellow N. C. 31—White S-301—White S-315—White	OPEN POLLENATED Latham's Double White — Wood's Dixie White — Imported Golden Dent — Wood's Golden Prolific— Latham's Yellow.
