On the farm and in the farm home electricity plays an important part! No longer is the farm wife a drudge to the old wood range, the open kettle in the yard to wash clothes or the cold cellar in which to keep her foods fresh... now, with electrical appliances, her work is done cleanly, coolly, efficiently and economically.

Right here in the former Tide Water area, electricity is a bigger bargain than ever before... Carolina Power & Light's new inducement rate offers savings that can't be beat. If you operate your farm on an all-electric basis you will find that you are being given up to 75 Kilowatt-hours of electricity at NO EXTRA COST.

Ask your nearest Carolina Power & Light representative to explain how your farm work can be made easier and more economical by utilizing electric appliances.
