A NOTHER GURLEY FIRST

For months we have been planning and waiting to make the announcement to our customers of the completion of our enlarged Paint, Body, and Trim Department. In fact, it is more than a department—it is a complete plant using modern production line methods.

A modern, scientific, dust-proof, especially lighted paint booth has been installed, where every color of the rainbow can be applied.

A thermostatically-controlled Bake Oven insures the finest enamel finish. Each step, step, fender and body repainting, cleaning, priming, masking, spraying and baking is under the supervision of experts and no detail, however small, is overlooked.

As Gurley customers, you are invited to make use of our Paint, Body, and Trim Department. We'll make you a quick estimate, give you ONE DAY SERVICE on a small touch-up or a complete Oven-Baked enamel job.
