

# Warsaw Church, Socials

Please Call Mrs. Joiner at telephone 454 for news Mrs. Howard Joiner, Reporter and Subscription Agent.

## Church Women To Meet And Sew

The members of the Woman's Society of Christian Service will meet at the church for group sewing every Tuesday night at seven thirty with the exception of the third Tuesday night—at this time it will meet on Wednesday night. The purpose of the sewing group is to make things for the Bazaar which will be held in December.

## Personals

Those from Warsaw who attended the Hawley-Moore wedding and reception held in Fayetteville were Mr. and Mrs. W. D. Byrd, Miss Mable Byrd and Miss Alma Humphrey.

Mr. and Mrs. J. W. Faircloth and Jackie of Tampa, Fla., spent last Saturday with Mr. and Mrs. W. Y. Vann.

Miss Mary Lynn Smith, who teaches in Jacksonville, spent the week end with her parents, Mr. and Mrs. Paul Kitchin.

Mrs. Walker Carter has returned from a visit to Rosboro and Virginia Beach where she visited her sisters.

Mrs. Bill Post has returned to her home in Houston, Texas after a visit to her parents, Mr. and Mrs. C. D. Best.

Miss Lois Best has returned to New York after a visit to her brother and sister, Mr. and Mrs. Herbert Best.

Mr. and Mrs. James H. Carter have returned to their home in Brunswick, Ga. after visiting Mrs. Walter Carter and Mr. and Mrs. Avon Sharpe.

Private Jack Middleton, son of Mrs. Carrie Middleton stationed at Lachland Air Force Base, San Antonio, Texas has been promoted to Sgt.

Mr. and Mrs. Daulton West and children have returned from Wrightsville Beach where they visited Mrs. Jack Quinn.

Mr. and Mrs. Forest Martin recently visited Mr. and Mrs. Ralph Applewhite in Jacksonville.

Miss Eloise Norman of East Bend recently visited Mr. and Mrs. Joe Surratt.

Mr. and Mrs. John Ledbetter of Raleigh visited Mrs. C. B. Best last week.

Mrs. James Rackley attended the bridal tea held in Rose Hill honoring Miss Emma Grey Teachey, bride elect of September 7th. The tea was held in the home of Mrs. Graham Fussell.

Mr. and Mrs. Hinton Askew and Mickey spent Sunday in Goldsboro with Mr. and Mrs. Alvin Askew and family.

Mr. and Mrs. Graham Quinn of Kingston were recent guests of relatives in Warsaw.

Mr. and Mrs. Earl Davis Huie moved last week to East Hill to the apartment recently vacated by Mr. and Mrs. M. R. Davis.

Dr. and Mrs. Marshall Solomon and Paula spent the week end with Mrs. Solomon's parents, Mr. and Mrs. Brooks.

Mrs. Kate McGowan left last week to accept a position as assistant dietitian at the Lenoir Hospital in Kinston.

Mr. and Mrs. Lawton Aberson were Sunday guests of Mr. and Mrs. Harvey Riverbank in Wallace.

Mr. and Mrs. D. L. Mathis have returned from Topsall Beach where they have completed a cottage this summer.

Miss Jean Newkirk spent last week end in Greenville. She also attended the pageant at Manteo.

Mr. and Mrs. S. A. Jones had as their recent guests, Mr. and Mrs. J. T. Himmis and daughter, Tally of Hampton, Va.

Mrs. Park Priddison has returned from a visit to relatives in Norfolk, Va.

Miss Laura West entertained at a delightful house party at their cottage at Wrightsville Beach.

Mrs. Frank Hobbs attended the funeral of Mr. Blake R. Warren held last Sunday in Salemburg.

Miss Patsy Kornegay spent last week with friends and relatives in Kinston.

Little Janie Strickland spent last week with her grand parents, Mr. and Mrs. Ed Strickland in Dunn.

Mrs. Katie Herring is much improved after a recent illness.

Mrs. Walter Bostic has returned from a visit to Rev. and Mrs. Paul Edwards in Roseboro.

Mrs. Wade McMillan of Sparta has returned home after visiting Mr. and Mrs. George Lloyd.

Miss Nellie Gray Mathis left last week for Asheboro where she is a member of the school faculty.

Mrs. Edgar Simpson of Savannah, Ga., spent the week end with Mrs. C. A. Womack.

Mrs. Tommy Gresham and children have returned from a two weeks visit to Columbia, Tennessee.

Mr. and Mrs. John Ledbetter of Raleigh recently visited Mrs. Charles Carroll.

Captain and Mrs. E. B. Gpison of Washington were week end guests of Mr. and Mrs. L. B. Huie.

Lt. Amos Camp of Ft. Bragg spent the week end with Mr. and Mrs. Earl Huie.

Some 200 persons turned out Saturday for the first county-wide Negro Junior Dairy Cattle Show.

4-H and New Farmers of America exhibited twenty dairy animals at the J. J. Barden Stock Yard in Warsaw, after which a program featuring William "Bill" Craven, president of the Warsaw Merchants Association; R. R. Rish, Dairy Specialist for the North Carolina Extension Service; W. C. Cooper, Negro 4-H Specialist for the North Carolina Extension Service; A. L. Cavensough, of the North Carolina Conservation and Development Department; and Rev. M. S. Branch, Warsaw Colored Insurance Agent.

Ribbons and cash awards were made available by some of the leading merchants and businessmen of the county.

Taking top honors in the show were Joe L. Carlton, N. F. A. member, of Charity High School; Jasper Bissell, 4-H Club member, of Charity High School; and George H. Miller, 4-H Club member, of the Magnolia Industrial High School.

Red Ribbons: John S. Williams, Ariander Williams, Jonathan Miller, Tessie Boney all N.F.A. members of the Warsaw 4-H Club.

White Ribbons: Nathan Branch and Nathaniel Matthews, Branch 4-H Club; Oscar Murphy and Joe Murphy, N.F.A. members of the Charity High School. Jasper Bissell 4-H member of Branch was awarded first place in showmanship.

Children of late Hiram Shaw and Annie Parmelia W. Boyette hold reunion.

The families of the children of the late Hiram Shaw and Annie Parmelia Woodward Boyette of Duplin County, Warsaw, N. C. held their annual family reunion at Clinton N. C. at the home of Mr. and Mrs. A. B. Cook Sunday Aug. 31st, 1952.

On account of heavy rains, long tables were set up in the tobacco warehouse near the Cook residence, where an abundance of old fashioned traditional goods were spread and enjoyed by all attending which were 67 members of the Boyette family, and four guests. The guests were Mrs. S. O. Smith and daughter, Miss Elizabeth of Fayetteville, N. C.; Miss Willie Ames of Chapel Hill, N. C. and Mrs. J. H. Jamison of Arkansas.

There are 7 children living out of the family of ten. They are Mrs. A. B. Cooke of Clinton, Mrs. L. P. Kennedy of Raleigh, Mr. H. S. Boyette of Norfolk, Va., Ernest W. Boyette of Kinston, N. C., Mosley G. Boyette of Carthage, N. C.; C. Roy Boyette of Wilmington, N. C. and Mrs. Grady F. Peterson of Brunswick N. C.

There are 27 grand children and 26 great grand children.

Mr. H. S. Boyette of Norfolk, Va., was toastmaster of ceremonies. There were a number of short speeches, after which a business meeting was held with Mr. H. S. Boyette, president, presiding.

The Secretary called the family roll and added to the roll all new additions.

A poem composed by Mrs. Geo. Dennis of Norfolk, Va., including all seven living children was read by the secretary and adopted for family history.

Officers elected for 1953 are for Hall Gardens:

Fresh or canned vegetables are expensive if purchased from the Grocery Store. Why not plant a fall garden now and urge your neighbors to plant one. It is time to plant beets, Broccoli plants, Carrots, Collard Plants, Chines Cabbage, Kale, leaf Lettuce, Mustard, Radish, Spinach, and Turnips.

Cotton Defoliation: Defoliation is recommended on heavy foliage cotton where there is danger of boll rot or where it is desirable to hasten maturity for early picking. Cotton can be forced to shed leaves early by dusting with 20 to 40 pounds of cyanamid in the dust form. This material should be applied when the last bolls expected to mature are at least 30 days old. The dust can be applied by airplane or other equipment suitable for dusting.

Small Grain For Winter Grazing: Oats, Rye, Barley or Rye Grass mixed with 15 pounds of Crimson Clover makes a good temporary pasture.

4-H Poultry Show: Attend the 4-H Poultry Show at Agriculture Building in Kinstonville at 9.30 a. m. on Saturday, October 4, 1952.

# Coffee Frosting Adds Tang to Chocolate Cake

By Dorothy Maddox

NOTHING like a good chocolate cake to make the family happy. When made with economical nonfat dry milk, it carries first-class nutrition at a lower price. When covered with coffee frosting, your cake will have even further appeal.

Nonfat dry milk, which is milk with only the fat and water removed, is an excellent source of protein, calcium, riboflavin and lactose. A one-pound package yields five quarts of nonfat milk for only about nine cents a quart. It will keep almost indefinitely on a cool, dry shelf if the package is closed carefully after each using.

## Chocolate Cake

(Makes two 8"x1 1/2" layers)

One and one-half cups sifted flour, 1/2 cup nonfat dry milk, 1 teaspoon salt, 1/2 teaspoon baking soda, 1/2 cup cocoa, 1/2 cup shortening, 1 cup sugar, 1 teaspoon vanilla, 2 eggs, slightly beaten, 1 tablespoon vinegar, 1 cup water.

Sift together flour, nonfat dry milk, salt, baking soda and cocoa. Cream shortening; gradually add sugar and cream until light and fluffy. Add vanilla and eggs; beat until well blended. Combine vinegar and water, stirring only enough after each addition to blend well. Grease and line with waxed paper, two 8 x 1 1/2-inch layer pans. Pour mixture into pans. Bake in moderate oven (350 degrees F.) about 20 minutes until cake springs back when lightly pressed with finger. Remove layers from oven; allow to cool in pans 5 minutes. Turn onto cooling rack.

## Coffee Frosting

One-quarter cup nonfat dry milk, 2 1/2 cups sifted confectioner's sugar, 1 tablespoon instant coffee, 1/2 cup butter, 1 teaspoon vanilla, 1 to 2 tablespoons water.

Sift together nonfat dry milk powder, sugar and coffee. Cream butter. Gradually beat in half of dry ingredients. Stir in vanilla and 1 tablespoon water. Stir in remaining dry ingredients. Add remaining water if needed to give a good spreading consistency. Beat until fluffy.

Coffee and cake make a delicious snack-time combination. Especially when the rich, dark coffee flavor is repeated in smooth cake frosting. Serve this mouth-watering ensemble to your guests dropping in on a Sunday afternoon. Better yet, whip up this delicious icing and surprise friends with coffee-iced cake and hot coffee after an evening at bridge or the theater.

## Every Farmer In Duplin Has Opportunity To Cooperate With 1953 PMA Program

Every farmer in Duplin County is to have the opportunity to cooperate with the 1953 Agricultural Conservation Program extended to him through a personal visit by a PMA community committeeman.

This is following through on the "farm by farm, first things first" approach launched this year and carried out by PMA community committeemen contacts in one county in each state. In North Carolina this use of community committeemen to visit every farm was tried out in Stokes County.

One of the first things the community committeeman does when he visits a farm is help the farmer determine the farm's conservation needs. The use of each field or piece of ground for the crops for which it is best suited and in such a way that makes its greatest contribution to meeting production goals is to be a guide in determining conservation needs.

Quilts, sheet erosion, breakdown of soil structure, and other indications of deterioration will be checked and conservation practices suggested to meet these problems. Assistance available under the Agricultural Conservation Program will be directed to meeting the most urgent needs.

Where special assistance is required for some of the more technical conservation practices, the Soil Conservation Service will be called on for help. The Extension Service, Forest Service, Farmers Home Administration and other Federal and State agencies will be called on for help.

Seeding rates for grazing: Oats 5 bushels per acre, Rye 2 bushels per acre, Barley 2 bushels or Rye Grass 400 pounds per acre. Fertilizers with 40 to 500 pounds of 8-8-8 or 9-8-8 fertilizer. Top dress with 20 to 30 pounds nitrogen (100 to 150 pounds calnitro) when growth starts, and again in February. Lime according to soil test. If winter grazing crops will be seeded on fields used in tobacco rotation do not use clover since it would increase root knot and might put too much nitrogen in the soil. Seed grazing crops early in September to get good growth before cold weather.

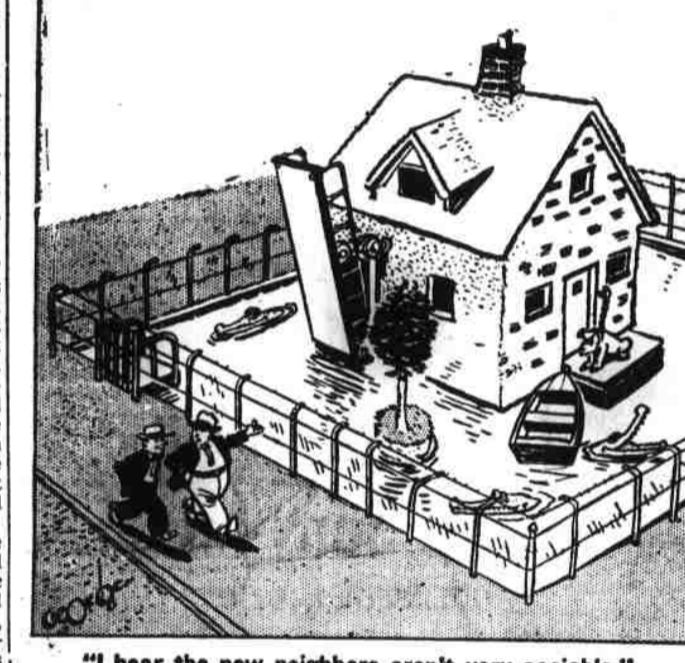

Ladino Clover and Fescue Pasture: Seed September 15, to October 15 with 2 pounds Ladino, Clover (innoculate clover) and 10 pounds fescue per acre. Fertilize with 1000 pounds of 2-12-12 per acre. (On new land add about 700 pounds of Phosphate.) Use 2 to 3 tons of lime per acre on land not limed recently. If soil has been sampled, lime and fertilize according to soil test report. Prepare soil by discing thoroughly 4 to 5 inches deep. Apply lime and Fertilizer and mix thoroughly with top 4 inches of soil. Get soil firm and as smooth as possible before seeding. Seed and pack soil with roller or cultipacker. Pack soil to cover seeds immediately after seeding to keep inoculation on clover seed from dying.

4-H Poultry Show: Attend the 4-H Poultry Show at Agriculture Building in Kinstonville at 9.30 a. m. on Saturday, October 4, 1952.

## Ticklers

they are indications that the land is in falling health. The chairman points out that grass and legumes in permanent pasture or in rotation is usually the remedy. Where lime and phosphate are needed to make the grass and legumes grow better, these materials play an important part in the soil improving process. Construction of terraces, contour farming and other devices play a part in holding the soil in place. All are emphasized in practices for which assistance is available under the Agricultural Conservation Program.
