New Coats for the Younger Set

BY EDNA HILES

This fitted coat in brushed checked tweed is in antique gold, has doll waist. It's trimmed with triple rows of buttons and switched pocket flaps of gold velvet matched to the collar and breast. Back interest is gained through a half-belt and pleats.

FABRICS with surface interest, new synthetic fleeces, velveteen and plush, banded in fur and sparkling with rhinestones, these are highlights of a new collection of coats for girls of all ages, from toddlers to mid-teens.

Designed for Bambury by Pierre Balmain, these new coats emphasize the casual in silhouette and fabrics. There's a rough, tweedy look to many of the fabrics used, lots of homespun-effect weaves and many heavy piles. Tweeds—nubby, brushed, checked and Donegals—often get velvet trim by way of contrast.

Shags, poodles, chinchillas, and deep-pile alpaca with quilted linings tell a texture story. For the first time, a blanket fleece has been used for children's coats. The other half of the new fleece story lies in the use of zephyr fleece to make a coat that's completely lined in orlon. Mother can toss it into the tub, wash and rinse it, then hang it up on a hanger dripping wet. The fleece regains its fluffy texture and emerges looking like new.

The line of these coats takes to two silhouettes: the loose, slimmed-down coat, and the fitted coat. The full pyramid of last year is gone and in its place, there's the narrower coat that gives an illusion of fullness. Generally, fullness is concentrated at the back or sides.

There are many sunburst gores, yoke details, flat pleat backs, rolled gores, doll waists and Empire skirts. Sleeves may be tapered, crushed or adjustable, many of these with deep, turn-back cuffs.

Full colors stress the muted heather tones and the rich, strong shades. Browns range from beige to squash, to spice to chocolate. Winter blues look pretty; winy reds and plums appear in the poodles and nubby tweeds. Linings are colorful as well as functional, with many corduroys, plaids, quilted fabrics and striped taffetas in use.

This dark green, red and white plaid check coat is in an all-wool Kingscourt check. It has an elasticized shirred back, a claret velvet pull-through ascot-type tie and velvet tab pocket trim. It's worn here with matching leggings.

Reinstatement of lapsed term policies may be accomplished by applying to VA. A physical examination is required after 3 months of lapse and the payment of two monthly premiums also is required. One of these two premiums covers the premium for the month of grace coverage after lapse and the other is for the premium month in which the application is submitted to VA.

The three most widespread errors in management of turkey flocks are improper starting dates, feeding the birds too long before marketing, and keeping flocks that are too small to be profitable.

\$10 Billion In GI Term Life Insurance About To Lapse On Vets And Families

More than \$10 billion in lapsed GI term life insurance will be lost forever under present laws unless the 1,200,000 veterans who have permitted their policies to lapse reinstate them before the terms expire during the next 14 months.

Veterans Administration, in releasing this statement, said the policies involved are lapsed term National Service Life Insurance (NSLI) that were issued to two groups of World War II and post world War II veterans.

The two groups are:

1. The 1,100,000 World War II veterans who took out term NSLI policies while they were in service during the last two months of 1944 and all of 1945; and
2. The 100,000 World War II and post world War II veterans who took out term NSLI policies while they were in service during the last two months of 1947 and all of 1948.

The first group of 1,100,000 veterans have 5 year term policies and the second group of 100,000 veterans have 5 year term policies. Both terms expire sometime during the last two months of this year or course.

during next year, depending on the anniversary date of each policy.

If veterans in either group do not wish to lose this coverage altogether, they must reinstate their policies before the terms expire. Otherwise, they will not be eligible for further GI life insurance coverage under Public Law 23, 82nd
