

IMPORTANT REPORT

Keep milk tightly covered and under refrigeration. If milk is to be kept in a cool, dry place, it should be opened dry milk should be in a tightly-covered container in the refrigerator.

Keep in a covered container under refrigeration. Never wash milk cans before using. If only a little is used, put the milk in a can and cover with water and keep it from drying.

Keep hard cheese in a waxed container or wrapped in waxed paper in the refrigerator. Slices of cheese should be cut and cream cheese should be kept in a tightly covered container under refrigeration.

Fruits and Vegetables: store green and salad vegetables (unwashed) and refrigerate in covered cans or waterproof bags. Keep ripe fruits like peaches, plums and berries refrigerated and unwashed until ready to use. Foods like peaches, pears, and tomatoes may be stored at room temperature and then stored in the refrigerator. Keep potatoes and cabbage in a dark, cool place, and well ventilated. Store dried fruits in sealed containers in a cool place, though not necessarily under refrigeration.

Obituaries

NOTICE

In The General County Court State of North Carolina, County of Duplin.

Lillian B. White
-vs-
Everett White

The defendant, Everett White will take notice that an action as above entitled has been commenced by the plaintiff, Lillian B. White in the General County Court for Duplin County, North Carolina, for the purpose of obtaining an absolute divorce from the named defendant on the grounds of two or more years continuous separation, next preceding the bringing of this suit.

The defendant Everett White, will further take notice that he is required to appear at the office of the Clerk of the Superior Court for Duplin County, in Kenansville on or before the 9th day of April, 1934 or within twenty (20) days thereafter and answer or demur to the complaint, which has been duly filed in said action, or the plaintiff will apply to the Court for the relief demanded in said complaint.

This the 9th day of March 1934.
R. V. Wells
Clerk of the General County Court
Latham A. Wilson, Atty.
4-1-4; L.a.w.

States Boost Their Slogans

Nearly half the states now boost their attractions on automobile license plates, the February issue of "Travel Trade" published by the American Automobile Association reports. They are listed by the AAA as follows:

Arizona, "Grand Canyon State"; "Colorful Colorado"; District of Columbia, "The Nation's Capital"; Florida, "The Sunshine State"; Illinois, "Land of Lincoln"; "Tour" Kentucky; Maine, "Vacationland"; Michigan, "Water Wonderland"; Minnesota, "10,000 Lakes"; Montana, "The Treasure State"; Kansas, "The Wheat State"; Georgia, "The Peach State"; New Mexico, "The Land of Enchantment"; New York, "The Empire State"; South Dakota, "Mount Rushmore Memorial" and Wisconsin, "America's Dairyland". Two states use illustrations: Louisiana, and Wyoming, banking license; and Tennessee license plates are in the form of an outline of the state map.

North Carolina's tourist slogan "Variety Vacationland" has been used since 1927 by the State Advertising Division of the Department of Conservation and Development in advertisements, motion pictures and publications of all kinds, but has never appeared on the state's automobile license plates.

Some folks live alone and like it - some live alone and look at it. The man who puts confidence in everyone else builds up his own.

It is next to impossible for an honest man to get a public office where his honesty can be put to good use.

Words of the Wise
To know how to say what other people say, is what makes men good and great; and to know in what circumstances only men to speak, makes men masters of the forum.
—(Elizabeth Smith Charles)

DO YOU MAKE \$1,000.00 PER ACRE ON YOUR TOBACCO?

HERE ARE JUST A FEW OF THE MANY TOBACCO GROWERS IN THIS AREA WHO DO MAKE \$1000.00 AND MORE PER ACRE. LET THEM TELL YOU HOW YOU, TOO, CAN RAISE BETTER TOBACCO AND MAKE MORE PROFIT!

In 1933, Mr. E. H. Pollock of Trenton Route 4 tried some Dixie Farm Tested Fertilizer on four acres of his tobacco. He says, "I produced a very good crop of fine quality tobacco that averaged \$64.00 per hundred-weight. I am well satisfied with Dixie and can find no grounds for complaint." Mr. Pollock must be very well satisfied indeed, as he plans to use Dixie on his entire crop this year.

"I will go out of my way to get Dixie fertilizer for my tobacco," stated Mr. Rodney Russell of Dover. He remarked further that he produced a good uniform crop in spite of the dry weather. On one 1/2 acre field he averaged 1,716 pounds per acre. This tobacco averaged \$63.12 per hundred-weight or \$1,087 per acre. Due to dry weather the tips grew very little after the tobacco was topped, but he averaged \$916.00 on his entire 1/2-acre crop.

Mr. J. L. Smith of Kinston Route 4 prefers Dixie Farm Tested Fertilizer to all other brands used. Last year he had 17 acres of tobacco that he fertilized with Dixie Supreme 2-4-4. Fourteen hundred pounds were applied in two applications. The effects of the dry weather were evident but as usual Mr. Smith produced a fine crop. He states, "I feel it is as good a fertilizer as a man can use."

Chrysler Double Champion At Daytona Beach

Chrysler proved its superiority over all American cars by winning the National Speed Trials and the Grand National 160-mile race during NASCAR race week at Daytona Beach, Florida.

Brewster Shaw, Daytona Beach Chrysler dealer, became the NASCAR National Speed Trial champion when his stock 1934 Chrysler New Yorker DeLuxe hit 118.11 miles per hour for the measured mile. Shaw's fast time was made on the southbound run of the famous hard-packed sand speed course, and he clocked 116.02 m.p.h. on the return run, averaging 117.065 m.p.h. for the two-way trip, smashing all records.

Second place in the speed trial competition went to Lee Petty of Randleman, North Carolina, in another stock Chrysler New Yorker DeLuxe, averaging 116.90 m.p.h. The speed trials were for strictly stock U. S. production passenger cars and were held under the direction of Tom McCall, noted automotive writer and test driver.

A few days later Lee Petty drove his stock Chrysler New Yorker DeLuxe to victory over 62 starters in the grueling 160-mile Grand National Stock Car Race, averaging 90.3 m.p.h. over the treacherous beach course where sand ruts were two feet deep in the corners.

Time and again, in stock car and sports car tests around the world, the famous Chrysler FirePower V-8 Engine, with revolutionary hemispherical combustion chambers, has won top honors as America's most powerful, most dependable power plant. In winning the coveted Stevens Trophy under AAA supervision at Indianapolis Speedway, for example, the 235-horsepower New Yorker DeLuxe (right off the assembly line) set the all-time record by covering 2,157 miles at an average speed of 89.89 m.p.h. in 24 hours of continuous running.

Such outstanding performance and rugged dependability mean greater safety on the highway. Its instant response and greater power to pass bring an assurance and peace-of-mind behind the wheel such as no car has ever given.

The Following Drivers Participated

| | | |
|----------------------------------------|---------------------------------|----------------|
| 1. W. Brewster Shaw Ormond Beach, Fla. | 1934 Chrysler New Yorker DeLuxe | 117.065 m.p.h. |
| 2. Lee Petty, Randleman, N. C. | 1934 Chrysler New Yorker DeLuxe | 116.90 m.p.h. |
| 3. Joe Littlejohn, Spartanburg, S. C. | 1934 Cadillac | 112.638 m.p.h. |
| 4. Harry Oliver, Dayton, Ohio | 1934 Cadillac | 112.087 m.p.h. |
| 5. J. C. Ysa, Landingham, Deland, Fla. | 1934 Buick Century | 110.435 m.p.h. |
| 6. George Sadrin, Dubuque, Iowa | 1934 Chrysler New Yorker DeLuxe | 110.21 m.p.h. |
| 7. A. B. Hedger, Falls Church, Va. | 1934 Buick Century | 108.94 m.p.h. |
| 8. Sara Christian, Atlanta, Ga. | 1934 Oldsmobile | 108.575 m.p.h. |
| 9. Bill Adams, Cambridge, Pa. | 1934 Chrysler New Yorker DeLuxe | 105.785 m.p.h. |
| 10. Hamilton Pierce, Northeast, Pa. | 1934 Oldsmobile | 104.525 m.p.h. |
| 11. Elmer Hershoff, Clynch, N. Y. | 1934 Oldsmobile | 104.225 m.p.h. |
| 12. Eugene Smeckel, Sherman, N. Y. | 1934 Oldsmobile | 101.25 m.p.h. |
| 13. Warren Koochling, S. Miami, Fla. | 1934 Chrysler New Yorker DeLuxe | 100.185 m.p.h. |
| 14. Clarence Hagelin, Jamestown, N. Y. | 1934 Lincoln Capri | 94.995 m.p.h. |

P. S. You'll note that some of the cars listed were in the Mexican Road Race.

Mr. Preston Valentine of Rt. No. 1, Kenley says, "I like Dixie 4-10-4 the best of any fertilizer ever used. It grows a smooth leaf tobacco and is adapted to any land. It is the best of anything I ever used."

Mr. Roy Price of Rt. No. 3, Seven Springs says, "I have been using Dixie for eight years. Over a period of eight years, I haven't seen any fertilizer that can beat Dixie."

Mr. Earnest Deaver of Rt. No. 1, Albemarle says, "I have been using Dixie for ten years and it has proven good enough for me not to change and I will continue to use Dixie. I had one of the best crops I ever made."

Mr. Hubert Thompson of Rt. No. 1, Goldsboro says, "I used Dixie for three years and have found it to be the best fertilizer on the market. Have the best crop I ever made in my life and that covers 25 years of farming. I made the Dixie \$1,000 Per Acre Club in 1934."

Mr. Jonas Howard of Rt. No. 1, Pink Hill says, "I have never had a better crop. This is my second year of using Dixie and it is best suited for my land. I've never used a better fertilizer. I have used other brands. I thought was good but they have never proven as good as Dixie on my land."
