(Isn't this why more people want—and buy—
 Chevrolets than any other car?)

**What you want most
 Chevrolet gives you first**

See how Chevrolet stays ahead of other low-priced cars in all
 the things that mean the most to you. See how much less Chevrolet
 costs you—it's the lowest-priced line of them all. Come on in
 and let us show you how you can have the things you want and
 be a good many dollars ahead with a new Chevrolet.
 That's promising a lot, but we welcome the chance to prove it!

OUT AHEAD with that bigger,
 lower look. Only Chevrolet and leading
 higher-priced cars have Body by Fisher
 with that big, smooth, low-slung look.

OUT AHEAD with the highest-
 compression overhead valve engines.
 Chevrolet's great engines have the
 highest compression ratio of any leading
 low-priced car.

OUT AHEAD with that smooth and
 solid big-car ride. Chevrolet's the only
 low-priced car with Unitized Knee-Action
 —one reason for its finer road-smoothing,
 road-hugging ride.

OUT AHEAD with zippy, thrifty
 Powerglide. It's the first and most ad-
 vanced automatic transmission in the
 low-price field. Acceleration is instantly
 responsive and as smooth as silk. Op-
 tional on all models at extra cost.

OUT AHEAD with bigger brakes.
 Chevrolet brakes are largest in the low-
 price field for smoother, safer stops!

OUT AHEAD with automatic power
 controls. Chevrolet is the first low-priced
 car to bring you all the latest automatic
 power features and controls as extra-
 cost options.
