"Through Church Expansion" by

"TST" For Board Of Education

I hereby announce my candidant for the office of member of the Board of Education of Duplin County, subject to the will of the people to be expressed in the Democratic Primary Saturday, May 29th.

If nominated and elected, I will continue to do my best to provide educational opportunities in all of our schools that are equal to the best in North Carolina, because I believe that children in a rural county deserve the same opportunities enjoyed by city children.

I believe that the experience I have obtained during three and a half years as chairman of the Board of Education will enable me to perform my duties in an acceptable manner. Your vote and influence in my behalf will be appreciated.

William Dallas Herring

The County Commissioners have given me authority to put on a rabies program for 1954. Dr. H. A. Phillips, Wallace, has been named chief rabies inspector and Mr. Victor F. Williams, Wallace, has been named assistant rabies inspector. These two men will hold clinics as to be advertised later and do house to house vaccinations extending to July 1, 1954. After July 1, Mr. Williams will be accompanied by a member of the sheriff's department to check on all unvaccinated dogs. This means we are attempting to have a rabies program this year, futhermore, it means that nobody else will be authorized to vaccinate dogs for rabies.
