A Week With The Gospel In Song

Smith's Presbyterian Church is trying out what, for it, is a new type of program. Each evening at 7:30 P.M. next week, April 5-10th, we are to have studies in the GOSPEL IN SONG as an expression of the evangelistic note of the pre-Easter season.

Emphasis will be placed on: 1. The message of the hymn or gospel song, 2. Background stories of songs and their authors, 3. Learning new hymns. Our hymnal has many good hymns that we never sing.

All good hymnals abound in good hymns that are unknown to the congregations using them. It appears that, generally speaking, that adult worshippers learn relatively few hymns. It is to improve this situation, as well as to emphasize the evangelistic and worshipful expressions of our hymns that this program is being put on.

We invite your attendance, especially if you are interested in better church singing.

Red roses were used as the center piece for the guest table. Silver lace over blue crepe paper was used down the sides of the tables. The walls were decorated with silver stars with a half moon directly behind the toastmaster. Blue streamers hung from the ceiling with silver stars hanging from the lights.

More power for you

with the 2-plow CA

We have it — more work power for you — in the Model CA Tractor. With two 14-inch plows, it walks right along in 2nd in toughest soils. Why?

1. The rugged Allis-Chalmers engine delivers 23.55 drawbar hp. and 26.62 belt hp. at only 1650 rpm.
2. AUTOMATIC TRACTION BOOSTER, the new engineering principle that puts horsepower completely to work. Implement weight is transferred automatically to rear wheels as needed.

SNAP-COUPLER eliminates time lost in all job changeovers with both mounted and trail-type implements. When it's time to cultivate, power-shift wheels are spaced in minutes.

For harvesting, the CA's two-clutch system lets you stop forward motion without slowing power take-off speed. Power used in ground travel is released to the P.T.O.

Let us demonstrate this new Allis-Chalmers power on your farm. It's built to earn a profit.
