Summer Scout Camp Plans Announced

Summer camp plans for the East N. T. Pickett of Magnolia, has graduated from the Chemical-Biological-Carolina Council, Boy Scouts of America, have just been announced Radiological School at Fort Benby Roscoe G. Barnes, chairman of ning the Council Camping and Activities committee. During the 1954 season, ed to train officers and enlisted nen as chemical-biological-radiolotwo camps will be operated successively, beginning on Sunday, gical specialists in their units. Stuune 6 at Camp Charles, near Bailey he taken in the event of chemical and closing on July 31 at Camp Croatan, below New Bern. Each

amp will operate for four periods. Mr. Barnes said that Camp Chares will be directed by D. Rodney Sener, Wilson, and W. C. Wall, New Bern, will direct Camp Croatan Both of these men have had long amping experiences and are well pualified for the positions. Both nen directed the camps last sum-

Each of the thirteen District Camping and Activities chairmen in the Council have been urged by Mr. Barnes to set up Parents' Nights with the Troops in their several areas for the purpose of actively promoting summer camp attendince. The record for the past years has been challenging enough according to the Council chairman.

Scout Leaders' Roundtables are being caucused by the District camping people to make direct contacts with the leaders of boys who should attend the camps. Each of the District Executives in the Council has been making especial efforts to have Troops register for the camp of their choice on the period most convenient for them.

The following Troops have already registered for summer camp: Bethel, Troop 15; Grifton, Troop 24;

Gets High Award Miss Sybil Grey Pickett of Beulaville was declared winner of an award for having maintained highest grades during her three

year training course, at the graduation exercises of the James Walker Hospital School of Nursing class of 1954 which was recently held in the New Hanover High School in Wilmington. Miss Pickett's award was a schol-

arship which was presented her by Miss Lucy Maston, Director of Nurses. Miss Pickett is a graduate of

Beulaville school and the daughter of Mr. and Mrs. Lewis Pickett. Armyworms and pea apnids are among the most damaging insets to

Senator Lennon's Statement

SEGREGATION

Segregation has proved to be beneficial to both the Negro and white races in North Carolina. For that reason I have always upheld segregation. The recent decision by the Supreme Court has not altered my position in any manner I still and always will believe in segregation.

The State of North Carolina has spent untold millions of dollars to provide adequate and equal facilities for the races. In some isolated instances, the facilities of our over-all education program may not yet be equal; but this situation is being overcome rapidly. In many instances, more modern and better schools have already been provided for the Negro race than are now enjoyed by our white school children. My home county of New Hanover is an example of this situation.

The relationship between the Negro and white races in North Carolina has been improving steadily. It has reached an all-time high

in sincere and friendly day-by-day relations. In the light of this situation, I cannot escape the conclusion that we should work out a solution or plan, within the law, that would permit North Carolina to continue its present segregated school system. By doing this, both races would benefit in many ways. That is especially so in continuing our fine relations and improving facilities.

for all school children, which is of the utmost importance to all
It is my humble and honest opinion that the great majority of both races in North Carolina favors the principle and practice of

segregation in our public school system.

The recent Supreme Court decision struck at the heart of States' rights. If followed to its ultimate conclusion it could destroy all ves-

tige of States' right.

This belief will be the foundation for my actions in the future whenever the question of segregation is involve.

ALTON LENNON
