"I Pay Myself FIRST!"

The FIRST dollars that come out of my pay envelope go straight into my savings account where they go right to work for ME... earning interest... building up week after week into something that's beginning to look like real money.

The way I figure it, the dollars I SAVE each week are the profit part of my wages... my profits that will add up to the kind of home I want to live in, the kind of education I want for my children, the kind of security I want my family to enjoy... now and always.
