## Fire Call Rules

The Kenansville town Commissioners have approved the following charges for answering calls outside of the town limits of Kenansville. There are no charges to any citizen of the town of Kenansville on the property within the town limits.

There will be no charges within the town limits of neighboring towns when the fire call is given by the official of the town or fire department providing this be a mutual agreement.

However, there will be a charge for all call in the county. For distances under ten miles and time less than one hour of fire fighting or standing by there will be a charge of twenty five dollars. For distance and time exceeding that limit the charge will be slightly higher with a maximum of fifty dollars. In response to a call that is out on arrival there will be a minimum charge of ten dollars or ten dollars covering the first five miles and two dollars a mile one way after that. This is the charge for the use of the fire truck. The firemen make no charge for services rendered. The continued protection of property in the county will be continued only so long as these charges are paid. The firemen answer such calls only on call from the beneficiary of service or property owner.

Flower exhibits call for perfection. Good stems, good healthy foliage, and a perfect bloom are essential. It is important to have flowers in good condition at the time of judging. A rose's bloom should be from one-half to three-fourths open—a tight bud will not be considered by the judges.

Fruits, such as apples and pears, should have true varietal characteristics, should be well colored and not over-ripe. They should be free from disease and insect damage. Stems should not be moved from apples and pears. All specimens in a plate or tray should be uniform in size, shape, and color.

GOLDSBORO

I have just received a copy of the N. C. State Fair catalog which reminds me that many community and country fairs will be held during the next six weeks.

Every gardener should take an interest in the local fair and also the State fair. If you have any thing worth exhibiting you should take pride in showing it. How many times have you stood in front of a prize winning flower, vegetable or fruit at a fair and said, either to those with you or to your self, I've got a better one than that home in the garden right now, and you may be absolutely right. Only having it winning a blue ribbon on the show table and having it growing in the garden are two entirely different things. The point is to get it from the garden to the show table and still have it good enough to win over the other entries.

Before you enter an exhibit, read over carefully the instructions in the catalogue, be sure to enter the exhibit in the proper class, and have it properly labeled. If the class calls for a plate of 12 specimens be sure that you have twelve—no more and no less.

In vegetable exhibits, specimens should be of best marketable size except where the catalog calls for the "largest" as in the case of pumpkin. Where the class calls for a plate, tray, peck or bushel, the individual specimens should be as nearly alike in size, shape and color as possible and should have the true characteristics of that particular variety. Potatoes need not be washed unless it will improve their appearance. However, if not washed they should be brushed with a soft brush or cloth.

## Hillbilly Hit Parade

The top ten tunes of the week as selected from your cards and letters

Compiled by NELSON KING and MARTY ROBERTS

All ya, friends and neighbors; Well... when you read this, you'll be heart's ole buddy Nelson back on the WCKY JAMBOREE & HILLBILLY HIT PARADE, after his three-week vacation, during which I've been holding down the fort, and getting out this column single-handed... I'll be as glad to see him back as I expect you will be hearing him again... Well... anyhow... to the news as we have it this day. PEE WEE KING and RED POOLEY are teaming up for a series of personal appearances in the Midwest this fall... SUE SHINE SUE and THE OLD DOMINION GANG from Richmond, Va., scheduled for a country music show in New York's 49th St. Theatre on Sept. 12... THE DICKERSON fan club has a new president... MISS PEGGY BURRIS of New Castle, Pa.

SEPT. BIRTHDAYS:  
HANK THOMPSON... 2nd  
BANK MONROE... 13th  
ROY ACUFF... 15th  
MARTY WILLIAMS... 17th  
(died Dec. 31, 1932)  
HANK ROBERTS... 28th  
GENE AULTY... 29th

I've just been mulling over how you put tunes up on top, and then drop them. Take WEBB PIERCE'S "Slowly" for instance. It first made this col in the week of Feb. 15, starting in 8th place. In just three weeks... Mar. 1, it was on top, and stayed there until June 21, when it was replaced by "I Don't Hit Any More" which is still No. 1, while "Slowly" doesn't appear at all this week (for the first time).

And that's the news and tunes from this end as you asked up to play 'em. Keep singing and until next week in this fine newspaper, and every night on the WCKY JAMBOREE & HILLBILLY HIT PARADE, where we like to gather 'round with all the folks—  
So long,  
Nelson  
Marty

birthday party on August 31, as a token of appreciation for the many services rendered them by Mr. Foster. Mr. Foster seems willing to come to their every "Beck and Call," which sometimes comes in the aiding of sick animals at night and even to discussing meal planning.

The complete surprise was carried out perfectly with the help of Mr. Sam Miller, who called on Mr. Foster for some farm advice concerning the construction of his Dairy barn. Although it was dark, Mr. Miller stated that Mr. Foster, with the aid of a flash light, proceeded to give out detailed information concerning the interior planning of the barn, without any knowledge of what was happening.

On his return he found the tables were filled with various kinds of sandwiches, hore d'oeuvres, punch, ice cream and delicious home made cake. All of this was furnished by members of the class, with the birthday cake and candles being given by Mr. and Mrs. George Cooper.

A very useful array of gifts were given by all.
