Duplin County Farm Bureau Making Annual Membership Drive — Join Now

Duplin County Farm Bureau is now conducting its annual membership drive, states E. W. Vestal, vice-president. Why? Because farm leaders in the county believe every farmer realizes he needs a "Spokesman" for himself and his family if a fair share of the national income is to come his way.

Farm Bureau is the largest, strongest and most aggressive farm organization in America. Farm people, through their elected delegates, write their own program and work with other members in other counties and States, to get their voices heard.

Farm Bureau helped get Tobacco curing oil exempt from the Sales Tax, was the Daddy of Tobacco Stabilization, Tobacco Associates, and helped get the "Nickels for Know-How" program started (vote for the "Nickels" Program on October 15, please) and has figured in the passage of every major piece of National Farm Legislation since 1933.

Duplin County needs every farm family as a member—all 5000 or more of us. Our State goal for 1954 is for over 70,000 members. We have more than 1,000,000 in the U. S. Every extra member means that much more help and satisfaction to the family. Let's not wait for the other fellow to shake the apple tree—let's help shake it.

See your Township Director right away. Directors are: R. A. Smith, Aliberton; Taft Herring, Glisson; John Warren, Faison; Jack Cooper, Rose Hill; Ed Grady, Wolfcreek; Jack Albertson, Island Creek; Mrs. Davis Williams, Rock Fish; Kenneth Grady, Smiths; George Sumner, Limestone; Lott Kornegay, Warsaw; W. L. Bostic, Magnolia; M. L. Lanier, Cypress Creek; or Arthur Whitfield, Kenansville. Let Roy Simmons of Alberton be President of the Duplin County Farm Bureau.

Vote For Nickels For Know-How Friday

October 15 will be a most important day for rural North Carolina. On this day the Nickels for Know-How Program will again be put to the vote of the people as it was three years ago. Music Program Sunday

Dr. Arnold Hoffman, Music Supervisor of North Carolina Public Instruction taught a group of 185 Duplin leaders what good music is in a church service when he appeared through the sponsorship of the Duplin Federation of Home Demonstration Clubs on Sunday afternoon, October 3, in the Kenansville High School Auditorium.

Mrs. Walter Rhodes, County music leader, presided and presented Dr. Hoffman to the group. Dr. Hoffman pointed out that there was a time and a place for all music.

In a church service, the music used throughout the service should elevate and inspire men's souls to worship the true and living God. The music should be inspirational, should make man want to live like Christ.

To have this type of music in the church, Dr. Hoffman suggested that the music and hymns used should really say something; they should preach a text. He warned about using music that had a "Saturday night ring or dance tap" in our church services.

We should be sincere. What we sing or play should come from a sincere and humble heart, else there will not be true worshipers. Anything that is theatrical in nature has no place either in the church. Choir members should not wear gaudy clothes, large flowers, ear rings, etc. Choir robes are nice for they aid in creating a worshipful appearance.

Dr. Hoffman helped the group to see that words of hymns are meaningful as he led them in singing, Hymns like "All Hail The Power of Jesus Name", "Onward Christian Soldiers", "Beneath the Cross of Jesus", and others were written by people who had experienced God. Hymns such as these written by people of true conviction can mean much. When sung with feeling and sincerity, everyone is drawn toward God.

Some people do not succeed because their left hand never finds out what their right hand is doing. The only way to show respect for truth is to be kindly disposed to the man you know is in error.
