LAST DIP—Though summer is gone, French starlet Noelle Audier braves chilly weather for her final swim of the year at an outdoor pool in Paris, France. The fact that she is the only person in the place does not deter her, proving she's a brava girl.

Social Security Payments Increase

When the monthly old-age and survivors insurance checks are delivered this week, all retired persons and all families on the rolls will find their payments increased, said John Ingle, manager of the social security district five office.

These increases, he said, result from the 1954 amendments to the Social Security Act and range from very modest amounts to individual members of some families up to as much as \$12.50 to some widows with several children.

The present minimum payment of \$35 to a retired worker will go up to \$39, Ingle explained. The highest monthly payment to a retired worker is now \$85; beginning with the current checks, this will be raised to \$98.50. Comparable increases will be made to other re-

Dependents and survivors now receiving monthly payments will get proportionate increases, Ingle declared. The largest total payment to a family will be raised from \$108.50 to \$200. As heretofore, however, the largest monthly benefit payable to a family cannot be more than 80 percent of its insured worker's average monthly earnings.
