**An open letter to our employees**

OFFICE OF THE PRESIDENT  
OCTOBER 24th, 1954.

Dear Fellow Employees:

The mark of a great team is its performance under pressure. The individuals on such a team respond and rise to whatever heights of effort are demanded to meet a given challenge. You met the challenge which faced us during the recent hurricane emergency. This letter is to pay you public tribute.

Words seem weak when used to describe your deeds of service. I cannot praise you too highly and especially you members of our line, service and engineering organizations. Nor can I forget those crews from outside our company who shared your heroic work. You sacrificed personal comfort and time to achieve the near-impossible task of restoring service so quickly to such a widespread area of destruction.

I am proud to be one of your associates in this company. The spirit of loyalty and perseverance you have shown will be long remembered. My thanks to every one of you.

Sincerely yours,

President & General Manager.
