HOME for ENJOYMENT

HERE is a home that is planned to give you a lot of enjoyment out of life. Upon entering this house one sees the expansive sweep of living and dining room, with attractive bow window in front, and massive fireplace directly opposite. The kitchen is every woman's dream, with large, efficient work space arrangement, a pantry that has farmhouse proportions, and a cozy breakfast nook that overlooks the rear garden. There is direct access from both kitchen and dining room onto the breezeway. Note, too, that you can cross from the garage to the house by way of this breezeway, making it extremely convenient in wet weather. Two large bedrooms boast cross ventilation, and there is also a den which can be converted to a third bedroom if desired. In addition to the two large closets serving the bedrooms, there is storage space in the den.

TURN MORE

FOR LESS

With Allis-Chalmers mounted plows and Bullet Blade Bottoms, you realize the full potential of your present

Bottoms, you realize the full potential of your present Allis-Chalmers tractor — B, CA, WD or WD-45. These new mounted plows save both time and fuel. You can be sure to find the model that fits your soil and tractor horsepower, with sizes that range from two to four bottoms. The four-bottom plow uses the new remote ram principle with transport wheel.

Just feel the difference that new Bullet Blade Bottoms can make behind your tractor... the soil-piercing action delivered by these spring-steel plows. Let us help you get the full value from your present Allis-Chalmers tractor with a new mounted plow.
