PERSONAL SERVICE makes the difference ...in insurance, too!

Teaching youngsters to play the game takes plenty of personal service. And it's personal service that makes the real difference, too, in many of our daily affairs.

Especially in insurance — because only through personal service can you be sure of getting adequate and correct protection — and prompt, effective adjustment should you suffer a loss or accident.

Personal service makes good insurance really work. It's the plus value you get with every Aetna Casualty policy. That's why we call it "the policy with the P.S." Let us tell you more about it.
