"TO MAKE A MOUNTAIN OUT OF A MOLE-HILL"
 (Author's Name Below)
 There once was a man who suffered from indigestion. Everytime he read an ad about how to relieve it, he bought a different patent medicine. He hated radio and television because the announcers reminded him of his stomach-aches. He tried their remedies too, but still suffered.
 He worried, because he thought he might have ulcers. One day he said to himself, "I will consult a physician." The physician examined him, prescribed the particular medicine that could help him most, and he got better.
 Moral - Wasn't he the foolish one to wait so long before consulting his physician?
