Tom Troubles Made Head Lines Again

On January 8 the Times carried a story about Tom Williams, the traveling cat of Mrs. Erma and Miss Lottie Williams, who made a 200 mile hike to return to his good home in Kenansville. Later on we discovered that the cats name was Tom Troubles rather than Tom Williams.

Well, on February 12 the Times received a letter from "The Puss'n Boots Bronze Award" Committee on Selections asking for the address of Mrs. Erma and Miss Lottie Williams, stating that they would like to present a Bronze Award and Citation as described in a folder enclosed, which states in part:

"The Puss'n Boots Award and Citation were created with the purpose of furthering an interest in the intelligence, loyalty and friendship of cats and of stimulating an appreciation of their true worth as companions of man. The Award and Citation are awarded to cats whose actions, not necessarily acts of heroism, have proved them to be intelligent, useful companions and whose commendable deeds or characteristics are deemed worthy of recognition."

When the Bronze Award and Citation arrives, we shall let you know.

District Elections Tobacco Stab. To Be Held March 4, Goldsboro

As a result of action taken at the Cooperative's Annual Stockholders Meeting in 1958, members of its Board of Directors will be elected at district elections held within the district, according to Carl T. Hicks, Waistonburg, N. C., President of the Co-operative. Mr. Hicks pointed out that the By-Laws were amended to include a 10th director for the setting up of ten (10) Districts throughout the entire flue-cured area for the purpose of electing directors on a district basis. He stated that the following flue-cured counties in the Eastern Belt of North Carolina (See Below) have been designated as District #5 and added that only those growers residing in the district who are members of Stabilization would be eligible to vote in the district election if he is present in person. In case of question, membership shall be proven only by possession of a membership card. There will be no voting by proxy and no absentee voting.

Mr. Hicks announced that the District Meeting for District #5 growers will be held in Goldsboro, N. C., on March 4, 1959, at 2:00 p.m., in the Wayne County Community Building. Even though there will not be an election of a director this year from the district, he stated that other problems of vital concern to growers would be discussed along with a current report on Stabilization's operations. He added that the division of the territory into districts would enable more growers to participate in the affairs of the Cooperative and urged that every grower make an effort to be present for this meeting.

Farm leaders attending the session will include officials of the North Carolina Farm Bureau, Grange, Extension Service and Tobacco Associates.

Counties Making up District #5 are: Harnett, Sampson, Pender, Greene, Onslow, Duplin and Wayne.
