loans were given as favors. John-nye received many lovely gifts

Mr. and Mrs. Edwards Entertain at Morehead City

Mr. and Mrs. Gardner Edwards entertained the Beulaville John Ivey Thomas Chapter of the U. D. C. at their home in Morehead City, for the weekend.
 The members and invited guests were Mr. and Mrs. Bill Carroll, Mr. and Mrs. S. P. Bostic, Mr. and Mrs. W. Ray Humphrey, Miss Ernie Sanderson, Mrs. Lou Bell Williams, Miss Lou Jackson, Mr. Gordon Kennedy, Mrs. Ida Miller, Mrs. Grady Mercer, Mr. and Mrs. Russell Sanderson.
 The members and guests visited the old cemetery, in Beaufort, in observance of Memorial Day, which is said to be older than the town. The guide, Mr. Willis, pointed out forty Confederate graves and also of interest to the members was the grave of Madam Chian-Kai-Shek's father Mr. Willis told how her father as a young boy came to Beaufort as a stowaway on a ship and was befriended by a preacher, who educated him and sent him to what is now known as Duke University and later was sent to China as a Missionary. The group also visited some of the old churches in Beaufort and in Morehead City. The next thing of interest on the tour was Ft. Macon, which played an important part in American History.

When "public power" wins—you lose!

Every time the lobbyists for federal "public power" push another government electricity project through Congress, you are taxed to pay the bill!

You and other Americans have already been taxed \$5,500,000,000 to pay for federal power dams and plants in certain parts of the U. S.

But that's just the beginning—if the federal "public power" lobbyists and pressure groups have their way. They want more of your tax money—\$10,000,000,000 more—so that government can take over a still bigger share of the electric business.

Yet they must know that independent electric light companies like your own are ready and able to supply all the electricity the nation needs—without depending on your tax money.

How can this needless spending of your taxes be stopped? As soon as enough people know what "public power" is costing them, they will call a halt. The quickest way is to spread the word among your friends.

Plow down
NITRANA
 to help me grow
PROFITS

On the acres you have for corn this year, you want to grow a big crop at lowest possible cost. It takes plenty of nitrogen to make corn pay, and ARCADIAN NITRANA Nitrogen Fertilizer Solutions provide easy-spreading, long-lasting nitrogen at low cost per pound applied in the ground. You or your ARCADIAN NITRANA dealer can apply profit-building, low-pressure NITRANA.

You can use NITRANA any time before you plow, or as you plow, and get plenty of nitrogen deep in the soil to rot down crop residues into nitrogen-rich organic matter. Plowed-down NITRANA not only feeds your corn well throughout the season, but also helps it root deep to resist drought. Get NITRANA Nitrogen now for a better-paying, higher-protein corn crop.
