Convertibles Reach New Peak in Popularity

Convertibles have reached a new peak in popularity this year and one of the reasons for it is Buick's Electra 225 shown with its counterpart of the skies, the jet-powered Lockheed Electra. The sleek lines of Buick's 1959 styling enhances the appeal the convertible has for the motorist, so much so that sales of Buick convertibles this year already are double what they were during all of last year.

With Our Boys Colored News

Sgt. Lonan A. Hall, Army Specialist Four Freddie L. Farris, son of Mrs. Gertrude Farris, Route 1, Magnolia, N. C., recently received a motor vehicle driver's badge for maintaining an outstanding safety record for more than one year while serving with the 159th Boat Battalion at Fort Eustis, Va.

Sergeant Hall, a communications chief in the Battalion's Headquarters Company, was selected for his soldierly appearance, knowledge and performance of duties and military courtesy.

He entered the Army in 1952 and was last stationed at Fort Benning, Ga. His father, Joe T. Hall lives on Route 1, Rose Hill.

Fort Eustis, Va. (ASSTING) - Army Specialist Four Freddie L. Farris, son of Mrs. Gertrude Farris, Route 1, Magnolia, N. C., recently received a motor vehicle driver's badge for maintaining an outstanding safety record for more than one year while serving with the 159th Boat Battalion at Fort Eustis, Va.

Farris, regularly assigned to the Battalion's Company D, entered the Army in October 1953. The 25-year-old soldier is a 1953 graduate of E. E. Smith High School in Kenansville. His wife, Christine, lives in Williamsburg, Va.

Grain For Animals

Many Tar Heel turkey growers are now asking themselves these questions: How much is oats worth as a turkey feed? How many tons should I buy?

You can answer these questions, says W. C. Mills, Jr., tur-

Ministerial Officers - Officers of the Kappa Chi Fraternity at Mount Olive Junior College, an organization of ministerial students at the school, are left to right: Bruce Dudley of Beaufort, president; Kemery Ard of Pamlico, South Carolina, vice-president; and Bobby Bazen, also of Pamlico, South Carolina, treasurer.

ample, during the hot weather a farmer can utilize more oats in his feeding program than he can in cold weather. Whereas, during cold weather he will want to use mostly corn or milo.

It pays to know how much energy you get when you buy grain, Mills concluded. Buy right and make more profit.

Based on energy value per 100 pounds of grain, milo is worth about 98 per cent as much as corn, barley about 87 per cent, and oats about 84 per cent as much as corn.

Translated into dollars, if oats is 65 cents per bushel or 2 cents per pound, you can afford to pay 2.5 cents per pound for corn and 2.44 cents per pound for milo to get the same energy value.

If corn is costing \$1.54 per bushel or 2.75 cents per pound delivered to your barn, then milo is worth \$2.68 per 100 pounds, barley \$2.63 and oats \$2.52 per 100 pounds.

Mills says other considerations in purchasing grains are the quality, ease of handling, trash content, moisture content, ease of storage, and the feeding program for the season of year. For ex-

USS TOLEDO (CA 133) was the first U. S. cruiser named for a Ohio city.
