HAVELOCK DEFEATS WARSAW 8-3, IN MOREHEAD CITY PLAY-OFF

The Warsaw Little League All-Stars played their heart out down in Morehead City Tuesday of this week but came up on the short end of the score against Havelock 8-3. Warsaw just hit Havelock 5-3 but it was just not in the books for us to win. And the sad part of it all that one game eliminated Warsaw from the play-offs. But we can be assured of one thing Warsaw looked real good and will be looking to next year.

And what I mean by looking good Little Micky Walker had a "no-hitter" up until the fifth when the roof-caved-in. In the fifth Havelock got to Walker for two doubles, a walk, wild pitch, a fielders choice, and a single to score six big runs and come from behind to win.

Warsaw got off to a mighty good start leading 1-0 after the first inning and Havelock came right back in the bottom of the first to tie the score at one all. In the second Warsaw went out front 2-1 on the tremendous home run over the fence by little Johnny Carlton.

In the fifth with Walker working real hard on his no-hitter it happened, Ashley Clemic hit a

double, a walk, a fielders choice, a single, a wild pitch, and another double, and when the dust settled Havelock was leading 8-3, the final score. The other double for Havelock was by Tommie Thomas, and the single was collected by Gene Bowling. Terry Quinn hit a double for Warsaw and Walker, Ray Lane, and Louie Ezzell had singles to lead the local club. Lane's singles should have been a double because it rolled all the way to the fence and he pulled up a third, but an error made it hard to determine.

All and all we should be very proud of our team and the impression they made on our community. And of course we can never repay the coaches and other that gave their time and effort while working with our boys. Now, back to our own Little League schedule here. The season is almost over and it appears the Legion and Rotary will be fighting it out for the championship. Of course we can not over look the champions of last year. Manager Paul Britt of the Lions will be gunning for the top two teams. It should be well worth your while to come out to the games. The Little League plays every Wednesday and Saturday afternoon.

Duplin Lady Leave Farm

Mrs. David Williams Leaves For Scotland For World Conference

By Paul Barwick

"I do everything on the farm from management to plowing," said Mrs. David W. Williams, of Rose Hill, route 1. "But I still find time to be a member of the Home Demonstration Clubs of Duplin County I think the Home Demonstration work is the finest work we can do as farm women," she added.

Those were the words of Mrs. Williams as she made preparation to leave Duplin County for three weeks to attend the Associated Country Women of the World Conference, which is to be held in Edinburgh, Scotland.

Mrs. Williams will leave by train for New York Friday and then from there will board an airplane for Scotland.

For the 61-year-old farm lady, this is the highlight in a career of farming which has been filled with many outstanding events.

When her husband died in 1951, she decided to remain on the farm and keep it going. For her, managing and working a 375-acre farm, (75 acres cleared)

was a challenge. She had seen farming from every angle.

Mrs. Williams has a four-acre tobacco allotment, 30 acres of corn, two acres of strawberries, two acres of sweet potatoes, 10 acres of pasture and five sows which causes her to market around 50 hogs annually. She also has 400 caged layers which she looks after.

While she is away, her neighbors will look after the farm chores. The two tenant families on her farm are pitching in to make her know everything will be all right while she is abroad.

"I just love the farm," she said. "There are no better people in the world than country folks."

The Conference she is attending is held every three years and 27 countries are represented with a membership of five and one-half millions. The purpose of the Conference is to promote better means of communication between countrymen and their organizations around the world.

Although Mrs. Williams is looking forward to her Scotland trip, she is looking forward to getting back to her farming, gardening, food preserving, and dog, Tippy.

She also will miss her neighbors and Home Demonstration Work. Mrs. Williams, who is first vice-president of the North Carolina Federation of Home Demonstration Women, has been in H. D. work for 30 years and has a perfect attendance record of 12 years in her Rockfish HD Club.

She has two children, David, Jr., who is in the Air Force, and Mrs. Rebecca Hinds, who lives in Charlotte.

Briefs

Associational Meet

An Associational Sunday School meeting will be held at the Warsaw Baptist Church on Sunday, August 2 at 3:00 p.m. Every Sunday School worker of the Baptist Church is urged to attend. The theme will be 1959-60 Sunday School program. The meeting is planned for one hour. Each Worker is urged to attend and make this program a success.

MOVE

Mr. and Mrs. P. C. Thigpen and daughters of Kenansville have moved from their home in Kenansville to their new home in Beulaville. The home vacated by the Thigpens was purchased by Mr. and Mrs. F. W. Oakley and family. They moved into their new home on Wednesday.

LITTLE LEAGUERS - Members of the Warsaw Little League All-Star Baseball Team, coached by Wilbur Boney and Ted Wilson, are pictured above. Members of the team are: Johnny Carlton, Arthur Minshew, Harold Lewis, Donald Knowles, Donald Bradshaw, Louie Ezzell, Ronnie Batts, Paul Britt, Mickey Walker, Lynn Hilton, Terry Quinn, Ray Lane, Larry Best, and Fred Eason.

Duplin Has Five 4-H Club State Winners; First Time In History

Duplin County's 4-H Club program got a big boost this week when for the first time in history the County had five first place winners in State-wide 4-H Demonstrations at 4-H Club

Week in Raleigh. Until now, Duplin has never had a 4-H Demonstration winner.

The five girls who brought the honor to Duplin's program are

Janice Maready

Polly James

Joyce Jones

Evelyn Wilkins

Polly James, Kay Sanderson, Joyce Ann Jones, Janice Maready and Evelyn Wilkins.

Joyce Ann Jones and Janice Maready rising seniors at Chiquapin high school, combined their talents to demonstrate, "This Little Strawberry is Going To Market," which depicted processes involved in marketing a quality strawberry for the top dollar. Both girls have been active in 4-H Club work for over six years. They have been Southeastern District winners twice before as a team. The Southeastern District is composed of 17 counties. They will represent North Carolina at the National Junior Vegetable Growers Association meeting in Washington, D. C. in December. They will compete for National honors in

Charles Mobley Is Charged With Murder In Death Of His Wife

Charles Mobley, 25, who shot and killed his wife Saturday night of their home in the Lyman community, as been charged with murder according to the Duplin County Sheriff's Department.

Mobley, who turned the pistol on himself after shooting his wife, is said to be in satisfactory condition in Duplin General Hospital, Kenansville. He used a pistol to shoot himself in the jaw in a murder-suicide attempt.

The Sheriff's Department is still unable to determine what caused the incident.

Investigation was by W. O. Houston, Sheriff's Deputy. He said that Mrs. Evelyn Mobley, 23, was shot in the neck, stomach and hip.

Graveside services for Mrs. Mobley were conducted Sunday at Raynor Cemetery. Surviving are three children; her mother, Mrs. Ruth Raynor, Beulaville; four brothers, Wilbert, Beulaville; Frank, Jacksonville; John, Henry, and James Taylor, Florida; two half brothers, Willie, Sneads Ferry; and Lee, Beulaville; five sisters, Mrs. Dick Lanier and Mrs. Hardy Lanier, Chiquapin; Mrs. Barton Williams, Richlands; Mrs. Stewart Cockman, Fayetteville; Mrs. Bobbie Parker, Jacksonville; and one half sister, Mrs. Miller Bostic, Beulaville.

Duplin Nurse At Chapel Hill

Mrs. Sarah Hodges to Kenansville is attending a special course on Cardiovascular Diseases this week at the UNC School of Public Health in Chapel Hill. Recommended for a scholarship by Dr. John F. Powers, County Health Director, Mrs. Hodges tuition is being paid by the North Carolina Heart Association as part of its program on professional information and services. The course of study in special fields in public health nursing is offered every summer by the Nursing to provide advanced instruction in major health areas. Instructor this week is Mrs. Lydia Hall, Director of the Loeb Nursing Center Project at Montiflore Hospital in New York.

Duplin Road Work

Work was completed on 29 roads in the Highway Commission's Third Division during the past month, according to Division Engineer C. E. Brown.

Work was completed on the following Duplin County roads: surface treatment on 1.1 mile of Boney Road; soil surface on 2 miles of Providence Church Road; surface treatment on 0.1 mile of Kenansville School Drive and 0.06 mile of Rosehill and Wallace School Drive; soil surface on 1.5 mile of Peterson Road and 1.7 mile of James Road. Two 20-foot wide bridges, one 35 feet long, and the other 74 feet in length, were completed on Calypso and Beutancus Road.

The Third Division is composed of Pender, Brunswick, Onslow, New Hanover, Sampson and Duplin Counties.

FUN FOR ALL - Saturday night was one of emotion. The fun was marred by the tragic death of Robert Wiggins. Paul L. Paul Barwick, who will long be remembered by those who attended the Kenansville Merchants' and Jaycees' event.

Flue-Cured Tobacco Support Rate Is Increased For 1959; Production Up

Under present law mandatory price support for 1959 flue-cured tobacco will increase from an average of 54.6c per pound last year to an average loan rate of 55.5 cents per pound this year.

According to Rufus Elks, Jr., Duplin Co. ASC office Manager, legislation recently passed by Congress would have the effect of keeping 1959 support levels for flue-cured and several other kinds of tobacco at the same level as last year. However, in view of the presidential veto the support rate will be increased 9-10 of a cent per pound on the average.

According to Elks, if per acre yields of flue-cured tobacco in 1959 are near the average of recent years, production will be up about 2 percent. He further brought out the fact that carry-over of flue-cured tobacco on July 1 this year is expected to be below a year ago. Also, according to early indications, domestic use of flue-cured tobacco increased slightly during 1958-59, while exports of flue-cured tobacco for 58-59 are estimated to be about the same as 57-58.

In past years, ASC county offices will determine the eligibility of individual growers for price support. Growers will offer their

tobacco at auction markets in the usual manner, and price support will be made on basis of official standard grades at a specified rate. The new support rates for flue-cured tobacco are: 100 percent for top grades down to 20 cents per pound for certain "not descript" grades.

The loans, according to Elks, will be made on the basis of official standard grades at a specified rate. The new support rates for flue-cured tobacco are: 100 percent for top grades down to 20 cents per pound for certain "not descript" grades.

Budget Adopted

Warsaw's Board of Aldermen last week adopted a budget of \$151,746.88, including a large contingency fund for the fiscal year 1959-60.

The total would be \$99,500, about \$10,000 higher than last year's total, without the fund marked Contingencies and Emergencies.

The tax rate of \$1.20 per \$100 valuation is the same as last year.

The greatest part of the new budget will be for debt service, \$18,000 was marked for the water department.

Kenansville Has Successful Event Saturday Night

A big crowd showed up in Kenansville last Saturday night for an evening of entertainment for the entire family.

The occasion was marred by the tragic death of Robert Wiggins. Wiggins had been living near Kenansville for the past several weeks with his sister, Mrs. Charlie Hurlburt. He was dancing when he was stricken by a heart attack and died. He was dead, according to officials, when he struck the pavement in front of the Court House on Main Street. The incident occurred around 10:15 p.m. He was reported to have had a bad heart condition.

Other than the unfortunate incident, everybody reported a good time was had by all.

The outing was so successful that there is some talk of having another such event in late August or early September.

Music was furnished by the Lymaners, of the Lyman community.

In connection with big event merchants in Kenansville put on bargain days in an effort to show to the people their appreciation for the patronage of the area citizens over the years.

Huge Transformer To Be Installed At Kornegay By Tri-County EMC

A new and more powerful transformer has arrived and will be installed soon (within the next few days) at the Kornegay Sub-Station of Tri-County Electric Membership Corporation.

John Kershaw, manager of Tri County, said the new transformer has a capacity of 5,000 Kilo-volt-amperes, which is twice the size of the one being replaced.

The 2,500 kva transformer is being transferred to the new La-

Grange Sub-Station which will be in service by next week, weather permitting.

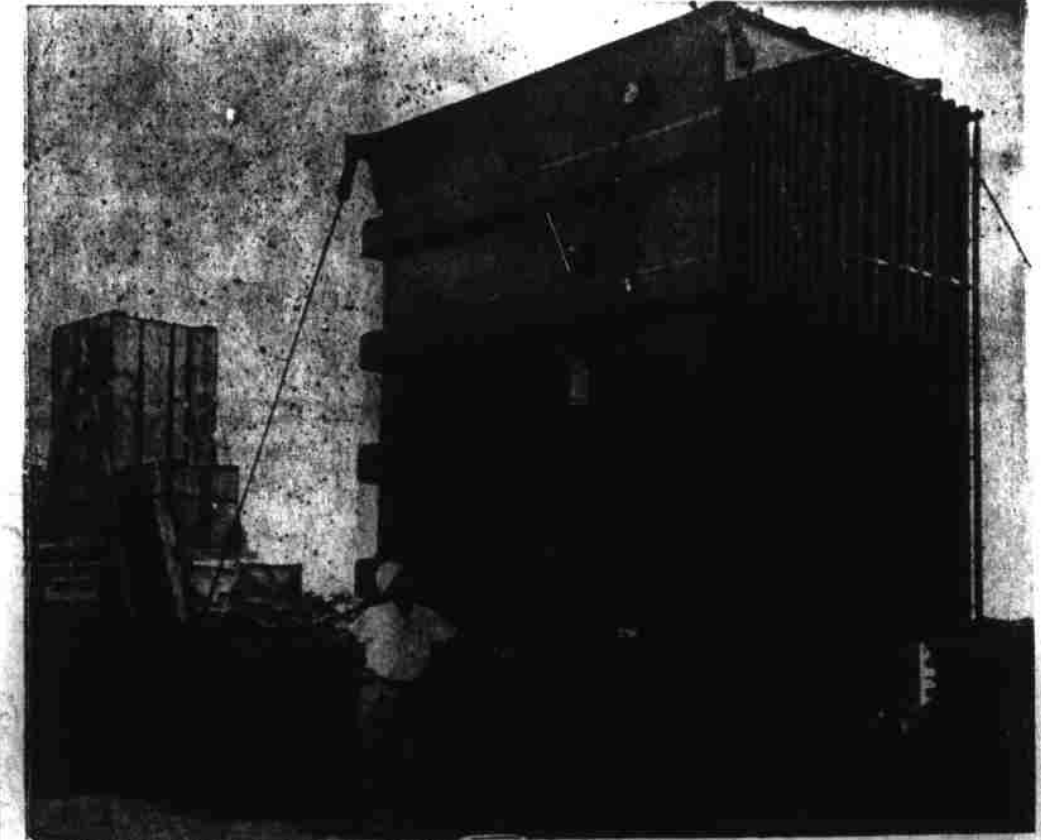

The Kornegay Sub-Station serves approximately 1,400 homes and other types of installations, primarily in Duplin County.

The new 5,000 kva transformer weighs 83,000 pounds. It holds 5,400 gallons of oil.

The installation of the larger transformer and increasing of other facilities has been made

necessary because of the increasing demand for electric power, Kershaw said. "The use of electric power by members of the co operation has increased 42 percent since 1955."

Kershaw added, "When the new transformer is connected, it will be necessary to interrupt service for a short while. We hope that our members will be patient and understand that it is for them that the services are being improved."

MORE KILOWATTS FOR KORNEGAY - Wilton O. Rowe, Electrification advisor, is dwarfed by the huge 5,000 kva transformer which arrived in Mount Olive Monday afternoon. The transformer will be transported to the Tri-County Sub-Station at Kornegay by truck this week for installation in the near future.
