vice, to make fashion magic, accessories must fit the figure.
 The petite figure likes to peeky hats, chainy jewelry, small scale bags and umbrellas. She uses her accessories to give an illusion of added height.
 More freedom in choosing accessories is permitted the average figure. They fully express her personality or they match her mood of the moment. She may try eye-deceiving tricks to appear taller or shorter.
 Fashion on the grand scale is displayed by the tall figure. She wears bold, dramatic jewelry, carries elegant oversize bags. To appear shorter, she wears attention getters near the waist such as heavy bracelets, flowers or pin on belt, a glitter pin on elongated evening bag.
 Miss Lee advises to concentrate on a few good pieces to be enjoyed for many wearings. Remember that accessories must harmonize — they can't live alone.

Ladies! Time To Add Sparkle
 The first feeling of fall or any new season starts with accessories. They spark old end-of-season wardrobes, set the scene for the new, and keep all-day costumes looking right around the clock.

While fresh peaches are in season, delight in the spicy goodness of this mouth-drooping Peach Cobbler.
 Fresh fruit and berry desserts win summertime blue ribbons for their peak flavor. Along with shortcakes and pies, be sure to treat your family to fruit cobbler like this luscious Peach Cobbler.
 Baked in individual casserole or an 8-inch square pan, this hurry-up dessert is most appealing. Sprinkle tangerine lemon juice and cinnamon sugar over the sliced peaches in the bottom of the baking dish. A rich drop biscuit dough made with sugar and egg goes on top of the peaches.
 Turning out glamorous fruit desserts is easy when you use enriched self-rising flour. Because the flour roller blends in baking powder and salt, you can mix batters and doughs for baked foods in a twinkling.
 Fruit desserts made with enriched self-rising flour have important food value. Fresh fruits supply vitamins and minerals, and enriched self-rising flour is a good source of three essential B-vitamins, calcium and food iron.

FILLING:
 1/4 cup sugar
 1/2 teaspoon cinnamon
 Combine 1/4 cup sugar and cinnamon. Sprinkle lemon juice and sugar mixture over peaches. Fill well-greased individual casseroles two-thirds full with peach slices.

TOPIPING:
 1 cup sifted enriched self-rising flour
 1/4 cup sugar
 1 teaspoon grated lemon rind
 3 tablespoons butter or margarine
 1 egg, beaten
 3 tablespoons milk
 Sift flour and 3 tablespoons of the sugar into mixing bowl. Stir in lemon rind. Cut or rub butter or margarine into flour until mixture is crumbly. Combine egg and milk. Add to dry ingredients and stir until flour is moistened. Drop by spoonfuls over peach slices. Sprinkle remaining sugar over the top. Bake in moderately hot oven (400°F.) 25 to 30 min. Makes 6 to 8 individual casseroles.
