Governor's Play-Mate

Augusta, Maine — Governor John H. Reed confers the honor of "Play-Mate of the Maine Sardine Fleet" on Lisa Jane Moxie, 5, and Charles "Chuckie" Brown, 6. The two happy youngsters are the first of thousands of boys and girls who will get the same seafaring rating through a program developed by Richard E. Reed, standing (no relation to the Governor), who is executive secretary of the Maine Sardine Council. The yellow slicker sou'western coats worn by Lisa and Chuckie, have been designated by the manufacturer as the official coats of the Maine Sardine Fleet. Similar in design and protection to those worn by the hearty fishermen of the North Atlantic, the coats—along with the certificates and a color comic book recounting the adventures of Ricky and Debbie in Sardineland—are expected to make the small fry reverse the usual refrain of "rain, rain, go away" to "rain, rain, come much quicker, so I can wear my fishermen's slicker." The Play-Mate of the Fleet certificate is valid only so long as the holder continues to protect himself or herself from the weather through dressing properly for rain, and by continuing to eat healthful muscle and bone building foods, Reed said.

lously ill at his home with virus infection, but it's reported he is mending and doing nicely at this writing.

Mr. and Mrs. Archie Lanier and Mrs. Ida Lanier, 23, who enjoys life at her son's and gets around remarkably well, and Mr. and Mrs. Fennell Lanier and family spent last Sunday at the home of Mr. and Mrs. Gernon Maready's in Jacksonville, N. C. where Mr. Maready was celebrating a birthday - no comment about the age etc. It turned out almost to be a family re-union and nice gifts were received and a nice time was had by all attending.

Miss Bertie Brown is back home from Kenansville hospital where she spent more time with a seriously injured knee and leg, when she fell

in her home while she gathered the eggs. The eggs scattered everywhere breaking all of them, and there she lay all alone calling for any help available. It was on a Sunday and her nearest neighbors heard her and came to her aid. Several stitches were required, she still praises her Drs. and nurses who attended her while she was in the hospital. It's bad to live alone-but worse when one falls and wonders if someone will hear their call for help.

Mr. and Mrs. Frank Harold Lanier and Mr. and Mrs. Harvey Lanier are all on their vacation where they are touring through the mountains around B lack Mt. Chimney Rock and other parts.

Mrs. Hilton (Jauetta) Williams

was a recent hospital patient at a Kinston Hospital after undergoing surgery there. It's reported she is doing nicely and hopes to be home very soon.

Mr. and Mrs. Reynolds Batts son The Rev. and Mrs. Johnny Durham here were in "deep water" last week when the plumbing at the Parsonage went haywire! A quick survey and investigation showed rust, effects of the late "Doona" and possible Haze! and a few other ladies of time, caused the crack-up. Then they had a dry spell, which meant they were without water-but the troubles are now under a quick repair job and things should soon be in order again.

A group led by the W. M. U. here left the Baptist church last Sunday for a guide trip at the Kennedy Home, near Kinston sponsored by the Baptist Organization, for a few hours. The home is and has done a magnificent job of carrying for the needy children.

Many years ago, a former school teacher who later became the Dean of a famous University in her old age lay in a semi-coma at her home elsewhere, in our state and it was said of her, "She was living in the past," during her illness. If it were these days it could be said, that "she could have been living a lot cheaper then, at least!"

Mr. and Mrs. A. L. Sanderson made a business trip to Charlotte visiting relatives in the meantime.

Family Reunion

Mr. and Mrs. R. W. Underwood of Tulsa, Oklahoma, brother of Mrs. Tom Parker have recently returned to Oklahoma after an extended visit with relatives here. While here, a family re-union and picnic was held at the home of a daughter Mr. and Mrs. A. H. Price of Newark, Delaware where part of the family attended. After that, another family picnic was held at another daughter of Mrs. Parker's, Mr. and Mrs. T. F. Bowman of Charleston, South Carolina.

All that happened in a full week of the family clan - and then they caught a plane at Washington, D. C. back to Tulsa, after having been able to fly here via New York, by plane, and the nicest thing was that Mr. Underwood's son who is a machinist at an Airplane plant, had enabled his parents to use a FREE ticket both ways!

Mrs. Parker, who is quite a trav-

el, will soon visit with many of her children who live in many parts of the country such as Washington, N. C. Pittsburg, Pa. Delaware and South Carolina. She's already beginning to pack up now for her winter visit.

Stork Hovering

Mrs. Cora J. Sanderson of Kenansville, was ready to take off for a short visit and pleasure trip to Kenansville last Monday when a nice neighbor called and told her the STORK was hovering around her home and would she come over and visit her and help keep track of him while her husband was away at his job until he arrived home? It's clogged up the hose, but her daddy, Mr. Tom Sanderson the "senior", that he is about doing thing, "I'm sure he'll find away to extract it pretty soon."

FRIDAY! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/4 inches lower.
