**USING UNCOOKED HONEY**  
Honey is at its best uncooked, with the natural flavor and color unchanged. Among the most satisfactory uses are the following:

As a Spread - with bread, griddle cakes, waffles, biscuits, and other hot breads.

To Sweeten Fruits, Beverages, and Cereals - If necessary, warm the honey slightly to make it pour more easily.

In Sandwich Fillings - The following are a few of the many delicious sandwiches fillings made with honey.

Honey butter, made with equal parts of honey and butter creamed together, with or without nuts or with grated orange peel.

Honey with chopped dried fruits, with or without nuts.

Honey and chopped or grated orange peel.

## THE FLAMELESS WAY TO WASH and DRY

Busy homemakers support Reddy Kilowatt's two candidates for convenience—the automatic washer and the flameless dryer.

No more of that old heave, hang and haul on wintry washdays. Just let these toll-saving twins take a load off your mind while you devote your time to more important family affairs.

They'll swirl and swish the wash spanking clean—then gentle it dry with safe, flameless electric heat. And if you're cramped for space, the neat, trim combination washer-dryer provides a most happy solution.

With stormy weather here to stay, now's the time to see a nearby electric appliance dealer. When you vote to Elect **ELECTRIC**—the flameless way to wash 'n dry, you'll live better, Electrically!

See your electric appliance dealer soon!
