 The "car of the year"

Overwhelming acceptance of the new 1961 models introduced last fall—together with the tremendous success of the '60 Chevrolets—has sent Chevrolet passenger car sales to an all-time yearly high. More new Chevrolets and new Corvairs were delivered to more people during the past year than ever bought any make of car in a single year before. We and your Chevrolet dealer thank you for your continuing confidence in, and preference for, Chevrolet. Your record-breaking purchases of Chevrolets have significance to everyone thinking of buying a new car this year, and—since sales of new 1961 Chevrolets and Corvairs continue at record-breaking levels—are a healthy indication of the inherent strength and vigor of our national economy.
