Small Business

(continued from front)

companies themselves must be responsible for selecting the small business firms. He stressed that SBA is not in a position to undertake the task of locating or recommending specific firms to participate in the development program.

The maximum SBA loan under the program is \$250,000. However, SBA may make as many loans of up to \$250,000 to a development company as there are specific small businesses participating.

In the case of each loan, the development company must be prepared to invest-in funds or equivalent assets-not less than 20 per cent of the cost of the project involved in the loan.

Local communities and development companies are invited to contact the Branch SBA office, located at 102 West Trade Street, Room 1116 Charlotte, North Carolina, to discuss possible SBA help in financing small business projects. A new fact sheet, "Does Small Business in your Community Need Capital?", which explains briefly SBA's program of loans to local development companies, is available from that office.

lent asset-not less than 20 per cent of the cost of the project involved in the loan.
