Trial & Error

This has been a week of varying interests, and as I look back since last week's Trial and Error it seems impossible that so many things can crowd themselves in seven short days. The activities are fine if it were not for the fact that one has to sandwich work and sleep? in between the activities.

I wish all of you had been to hear Rear Admiral Maxwell when he spoke to the Warsaw Rotarians last Thursday. I was very happy that the men of the Rotary Club were kind enough to invite me to invade their masculine sanctuary long enough to hear the Admiral. Jaycees Pushing Seat Belt Drive

Everyone knows seat belts save lives. But did you know they can make your driving more comfortable?

Yes, seat belts — by holding you in a comfortable position — help to prevent fatigue. You don't have to exert yourself to keep your balance on turns and stops, and even on the straight way.

Seat belts save lives. But they also have these other advantages all the time you wear them.

And for children, they are a Must. Never drive with a child standing in the seat beside you. A sudden stop at speeds as low as 10 miles per hour is enough to turn a child into a flying object.

SEAT BELTS IN AN ACCIDENT REDUCE DEATH AND INJURY BY 60 PERCENT. SEAT BELTS CONTRIBUTE TO COMFORTABLE CARE-FREE DRIVING ALL THE TIME.

The Duplin County Jaycees are now offering seat belts in a non-profit campaign in cooperation with the North Carolina Traffic Safety Council, Inc. They're available from any Jaycee. The sale lasts from March 15 through April 15. Jaycees are selling the seat belt without a penny profit. They are paying \$4.00 for them and are selling them for \$4.00.

Jaycees have contacted the local garages which have agreed to put the seat belts on the cars at normal prices. In Kenansville Gene Nethercutt heads the seat belt drive but belts can be purchased from any Jaycee in Duplin County.
