**District Day Activities For 4-H'ers** 

Often, it takes a real crisis to can make, even when he is only bring needs to our at ention. Cer- a small grower Quoting Jack tainly, the drought that we have Bickers in a recent FARM JOURhad this year in Duplin County NAL article: "A North Carolina need for irrigation. The recent expect to net \$39.00 more per rains have tended to alleviate the acre from 5 acres of tobacco when Island Creek Township. dry situation of our farm land an irrigation system is used." but before the tobacco crop is Further; "For a five-acre tobacco sioner district which is compused made, we may once again expebut it was a place where farmers rience a dry season. This would have more adverse e feet when for operating expenses and \$68.00 the tobacco is large than at its present stage of growth.

Today every phase of North Car-olina's billion-dollar agricultural Nowadays, with the high investnents that one has to make in order to get a crep planted, it becomes necessary to employ inproved practices in protecting this nvestment. Irrigation is just one improved practice that is being employed by wise, businesslike farmers. Farmers who are using irrigation systems on their high income crops (such as tobacco and truck crops) think in terms of not saving a particular crop but of producing a high yield and improving the quality regardless of droughts. Irrigation is invaluable es an aid in getting a good stand

A lot of farmers figure that it cigation is for the fellows with big allotmen s or acreage, but betest information from ngricultural safest investments that a farmer

tract producers who have not alturkeys could not be marketed in ready done so should contact their tagman channels. The set-asides ascending their elegablity to vote on the proposed national turkey marketed in 1961, O. L. Holland, Chairman of the Dunlin County Agricultural County Council will meet Friday, lune 8, at 2.30 p. m. in the Agri-culture Burbille, in Kenansville, A movie will be shown on Community 4H Clubs which will be of interest of the Duplin County Agricultural

mittee, said today.
Those eligible to vote in the referendum will include "producer-gro-wers" who marketed more than 3,000 pounds ( liveweight) of tur-'eys in 1961, and 'contract-produ-cers' who in 1961 had a risk-of-loss cers" who in 1961 had a risk-of-loss ontract in turkeys produced by a For Duplin, June 14 producergrower.
The Chairman explained that the

eneral voting on the turkey marke ing order will extend from June 18 through 22, at the ASCS county office where the producer's certifications are filed. However, cooperaives desiring to vote for their mem-bers and contract-producers must file certifications by June 8 with the State ASCS office for the State in which their principal place of business is located; if they orepate only in one county, they would file heir certifications in that county.

To become effective, the turkey marketing order must be approved by at least two - thirds of the producers voting, by number or by olume of their production. If the ter is approved, growers would then have two market supply-management measures available to them whenever needed as deternined and operated by an Industry

idnihistrative Committee. The method for 1962 would require andlers to set aside quantities of urkeys considered surplus for a

# **Dairy Princess** To Be Selected

June is dairy month. Every coun y in the state is being encouraged to have a dairy princess. Duplir County's contest for selecting r Princess will be held June 14, at 3:00 in the Kenansville School Aud

itorium. Rules and regulations for participating in the contest have been mailed to local organizations who are sponsoring the Dairy Princess es. Other copies may be obtained from the office of the Home Agent in Kenansville. An entry fee of 3.00 will be required and can be made payable to George Cowan, Chair-

man "June is Dairy Month." Contestants are asked to appear in street clothes and evening clothes and will be judged on friendliness and ability to meet people; beauty, personality, poise, and photographic qualities; healthy appearance, natural attractiveness, natural color-ed hair: and pleasing voice, ability to think before audience, and ef-

lectiveness of presentation. Each county winner will compete in her respective area contest for the area dairy princess title. The 12 area winears, representing the 12 June Dairy Month areas in the state will compete in the State in the area contest.

Maola and Sealtest Milk Companies will sponsor the County Princess in the area conetst.
