

Summerlin's Crossroads

Personals

By Mrs. Carl Ivey
 Mr. and Mrs. Claude M. Ferring and Mrs. Marvin Rhodes of Rich-
 Aris, Wayne, Eddie, Janet, Joyce
 and Jimmy of Hampton, Va. spent
 the week end with Mrs. Bessie A.

Meeting.
 Visiting Mr. and Mrs. Cyrus rho-
 dies during the week end were Mr.
 and Mrs. Marvin Rhodes of Rich-
 lands, Mr. and Mrs. William T.
 Rhodes Gery, Brenna, Phil and
 Della Allen of Clayton, Mr. and

Mrs. T. W. Quinn of Kenansville.
 Mr. and Mrs. Thurman Jernigan
 and Albert of Durham were guests
 Sunday of Mr. and Mrs. T. A. Jer-
 nigan and attended the Grady-
 Whitman Wedding.

Guests last week of Mr. and Mrs.
 D. L. Cherry were Mr. and Mrs.
 Robert Bennett of Athens, Ohio;
 Miss Maiole Cherry of Franklin,
 Va.; Mrs. Iris Roberts, Mrs. Dolly
 Ervin, Miss Emma Ervin, Mr. and
 Mrs. Alwood Ervin and Kenneth
 Thompson of Richland's.

Mr. and Mrs. Elmer Roy Amon
 and Lynn of Mount Olive were
 guests last Thursday of Mr. and
 Mrs. John I. Amon, Sr.

Mrs. Fred Alphin, Peggy and
 Lydia spent several days last week
 with Mr. and Mrs. Reeves Alphin of
 Richmond, Va.

Mrs. T. A. Jernigan visited Mr.
 and Mrs. Bernard Goodson of Kin-
 ston last Wednesday.

Eddie Goodman is a patient in
 the Wayne Memorial hospital Golds-
 boro.

Mr. and Mrs. Bill Fall, Ralph and
 Kathy, Mr. and Mrs. J. D. Best,
 Dwight and Dale of Goldsboro; Mr.
 and Mrs. Donald Heath and child-
 ren of Grifton were dinner guests
 Sunday of Mr. and Mrs. Jack Dall.
 The occasion was in honor of Mr.
 Dall on Fathers Day.

Mrs. George Westbrook, Lesia
 Ann and Bryant of Kingston visited
 her parents, Mr. and Mrs. Andy W.
 Ivey Sunday.

The Woodland Community 4-H
 club held its June meeting in the
 home of Adult leaders, Mr. and
 Mrs. Willard Westbrook with 8
 members present. The pledges were
 led by Gaston Westbrook and the
 devotion given by Henry C. West-
 brook, Emily Marshburn presided.

The program on Tree Identification
 was given by Mrs. Willard
 Westbrook. Anthony Westbrook led
 the group in singing and refresh-
 ments were served by Patsy Dall
 and Sammy Faires. Mr. and Mrs.
 Paul Westbrook, adult leaders, were
 also present.

ASCS NOTES

Wheat Buyers Buyers Have
 ASCS Responsibility
 Wheat buyers have definite re-
 sponsibilities for the success of the
 ASCS production adjustment pro-
 gram on wheat. For their own pro-
 tection wheat buyers should make
 themselves familiar with all provi-
 sions of the Government's stabiliza-
 tion program on wheat for this year.

Warehousemen are reminded that
 the marketing quota penalty for
 this year on "excess wheat" is
 \$1.59 a bushel, and if there is pen-
 alty due on any wheat purchased,
 the buyer will be liable for the to-
 tal amount of penalty. The total
 crop produced on overplanted
 farms is subject to a lien until the
 marketing quota penalty is paid.
 Since the warehouseman or buyer
 will be held responsible for the lien
 if he purchases with lien attached

On June 4 we mailed 109 notices
 of excess or deficient acreage. We
 will continue to mail these notices.
 As they are of great importance to
 each farmer, we urge that each far-
 mer give his daily mail special at-
 tention. When you get a notice, don't
 let the 7 days for tobacco and 15
 days for all other crops pass with-
 out your having taken the required
 action in regards to the excess or
 deficient acreage on the farm.

Farmers who have no excess or
 deficient acreage will begin receiv-
 ing notices of measured acreage
 immediately after June 15.

Watch your mail for your notice
 of measured acreage! Then, take
 any required action.

DEADLINE FOR NEW WHEAT
 ALLOTMENTS NEAR

The final date by which farm-
 ers may submit application for
 a 1963 new farm wheat allotment,
 is June 30, 1962. In order to be
 eligible for a new farm wheat al-
 lotment, the operator or owner
 of the farm must not operate or
 own any other farm in 1963 with
 a wheat allotment.

The application is submitted
 by the farmer at his local ASCS
 county office. In considering the
 application for approval, the ASC
 county committee must determine
 that the type of soil and topogra-
 phy on the farm is suitable for the
 production of wheat. In addition
 there must be no likelihood of the
 production of wheat on the farm
 causing an undue erosion hazard.

In order for a farmer to be eli-
 gible for a new farm allotment,
 he must obtain more than 50
 per cent of his income from the
 farm in 1963. One of the final
 requirements which must be
 met for a farmer to be eligible for
 a new farm wheat allotment in
 1963, would be that the operator
 have adequate equipment and fa-
 cilities for the production of wheat.

The acreage available for new
 farm allotments is very limited.
 Farmers who are eligible are cau-
 tioned to remember the June 30
 deadline.

AGRICULTURAL CONSERVA-
 TION PROGRAM
 When a farmer signs to partici-
 pate in the Agricultural Conser-

vation Program, he indicates that
 he is going to help build a better
 farm for himself and a better land
 for all people.

This participation is a recogni-
 tion of the farmer's responsibility
 to help protect the Nation's soil
 and water resources. It also signi-
 fies that he is cooperating with
 other farmers in the program
 and that all of them are working
 with all the people of the country
 to keep our soil from washing
 away and to keep it productive.

Farmers who use the ACP to
 help build a stronger agriculture
 through conservation are the far-
 mers who are helping to provide
 a better living for all the people
 of the country.

Since the beginning of the AC
 Program in 1936, agricultural pro-
 duction and food consumption have
 been steadily climbing. The per-

Free Wheeling

By Bill Crowell

Why make like "Ben Hur" on
 your vacation trip, huh? Traffic
 experts, including those in the State
 Department of Motor Vehicles, are
 unanimous in recommending mod-
 eration on summertime motor trips.
 They point out that motorists who
 try to cram a month's activity into
 a couple of weeks of vacation run
 the risk of a traffic accident, un-
 necessary fatigue and lamed nerves,
 among other things.

Instead the traffic people urge
 a more leisurely pace. The average
 capita consumption of food is now
 100 pounds a year, or 1/3 of a pound
 a day. The average for the 1935-39
 period was 110 pounds a year, or
 1/3 of a pound a day. At the same
 time our population has been in-
 creasing at a rate of one million
 a year. The farmers who have been
 carrying out conservation practices
 under the ACP have been helping to
 make it possible to feed this in-
 creasing population and at the same
 time to raise their standards of
 living.

So much depends on agriculture
 that the Nation cannot afford to
 allow farmers to waste the soil and
 water resources of the country.
 Many nations require certain
 conservation practices by land
 owners; but, in the United States
 the Nation cooperates with its far-
 mers by sharing the cost of need-
 ed soil and water saving practices.

Farmers are urged to do their
 part in conserving the Nation's po-
 tential — the farm needed conserva-
 tion — now!

PERFORMANCE
 Of the 480 farms in Duplin County
 to be visited for measuring
 1962, 2920 have been com-
 pleted by reporters and turned in to
 the county office.

Notices of measured acreage
 have been mailed to 1467 farmers.
 WATCH YOUR MAIL FOR A

 AGE FROM THIS OFFICE.
 TAKE ANY REQUIRED ACTION
 IMMEDIATELY.

vacationers to have a safe and plea-
 sant trip by following these sugges-
 tions:

1. Rise and drive early and get rolling before the highways are jammed with other cars.
2. Plan to call a stop to the day's driving well before sunset. Accommodations are more readily available around four o'clock and it's much safer driving in daylight.
3. Drive only a reasonable distance each day. It's foolish to set a rigid schedule that rush you'll meet it. Three to four hundred miles a day is plenty.
4. Leave the hotel or so stop by the roadside and relax. Get out of the car. Take a short walk or rest, and walk around. It will work wonders as you resume the trip.
5. Avoid heavy meals while you're driving. Take fruit, sandwiches, juices, sodas until you stop for the day. Enjoy the evening meal leisurely and get a good night's rest.
6. Take the sun in moderate doses. A bad case of sunburn makes driving distinctly uncomfortable.
7. Finally, try to remember there will be other vacations. It's not necessary to see and do everything on this one. Relax and enjoy yourself.

YOU CAN GET RELIEF FROM HEADACHE PAIN

STANBACK gives you faster relief from pains of headache, neuralgia, neuritis, and minor pains of arthritis, rheumatism. Because STANBACK contains several medically approved and prescribed ingredients for fast relief, you can take STANBACK with confidence. Satisfaction guaranteed!
