War Fund Drive Is Progressing In This Area Says Chairman Ray

The United War Fund Drive progress has been favorable in this area, according to Gilbert W. Ray, chairman of the drive in northern Orange, with something over \$1,400 in the bank.

Although the drive has been progressing favorably, the original plan to attain the goal of \$9,585, has been recognized as impossible. About one-third of this amount is to be raised in this area.

Very few reports have come in from the various agencies working the drive, but Ray says all agencies have been cooperating splendidly, and if the present percentage of support holds out, they should be able to reach the quota by the time all agencies report at the end of the month.

Taylor, who is a sophomore at Elon, is majoring in physics and has made a very good record. He has been vice-president of the freshman class and this year is a member of the Senior Student Christian Association Cabinet.

The other new members are: Bill Clapp, Burlington; Joe Franks, Elon College; Junius Peedin, Glendon; Bob Graham, Mebane; Carl Neal, Belews Creek.

The Hillsboro football team held the Methodist Orphanage of Raleigh to a scoreless tie as the two elevens clashed in the ball park here last Friday.

The team met tough opposition, especially in the face of the loss of Frank Frederick, quarter back, who pulled a ligament in his leg in the Chapel Hill game two weeks ago, and the loss of Duncan King, guard, who sustained a knee injury after the first three minutes of play against the orphanage.

The Hillsboro team fought themselves into scoring territory three times during the game, but lacked the necessary power to push the ball over the goal.

Outstanding players of the day were Captain Johns, L. E., Howerton, R. E., Raynor, H. B., and Hornbuckle, guard.

Hillsboro will see Chapel Hill in Chapel Hill next Friday afternoon for the second game of the season with that team. The following Friday they will face Silver City.

'A' Tickets Gasoline Now Available to Public

Chapel Hill, October 11.—Carl T. Durham, chairman of the rationing board in Chapel Hill, announced that the basic "A" rationing gasoline expires on October 11.

A new basic rationing gasoline coupons "A13" will be valid on November 9.

It is necessary to make arrangements for the renewal of "A" books, and the OPA office has been prepared to receive applications on and after October 16. "A12" coupons in use at a ration book will be used and will, therefore, have no value in this area.

"A" coupons are no longer rationed because it has been impossible for the State to secure sufficient number of bicycles to ration a quota; therefore, they were removed from the rationing articles.

The local rationing board has received applications for sugar since October 15, and this was the last day for filling out applications.
