YOUNG BROWN

Photograph courtesy New York Dress Institute

Tea, date and town dresses for college are simply but knowingly designed, to be dressed-up or down as the occasion requires. This year the little brown dress ranks with the little black dress, and is shown not only in crepe and woolen, but in such crisp fabrics as faille, which makes the New York style pictured, with tricky tab-buttoned bodice.

Many fresh editions of the peplum dress, the bustle dress and the dirndl—all campus loves—come in both junior and misses' sizes.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, and thus help build resistance for the "next" cycle to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardul. If it helps, you'll be glad you did.
