BEER—America's Beverage of Moderation

Yes, Sir, Mr. Citizen—

The Brewing Industry Agrees with You!

You want the legal and entirely reasonable rules that go with beer licenses in North Carolina to be respected and enforced.

So does each and every one of us in the North Carolina brewing industry.

That's why we have our Self-Regulation program to see that those granted beer licenses hew to the line.

Begun in 1939, Self-Regulation has well established its effectiveness. The public, press and law-enforcement agencies have applauded its methods and objectives.

We see eye to eye on this program. Let's work shoulder to shoulder to maintain an already creditable record!
