Sunday School Lesson

Topic: The Return From Exile. Golden Text: No man having put his hand to the plow and looking back is fit for the Kingdom of Heaven.

Lesson: Ezra 1:1-4; 4:24 Haggai 1:3-8, 13,14.

The history of the Hebrew people is divided into the following periods: 1. From the time of Abraham to the Exodus from Egypt, 2000-1446 B.C. 2. The forty years wandering in the wilderness. 3. From the conquests of Joshua to the fall of Jerusalem; 1406-586 B.C. 4. The period of the exile, 606-536 B.C. 5. The return from exile beginning with 535 B.C.

Our lesson is in this last period. The book of Ezra describes the external happenings while Haggai explores the very heart of the Jewish people. Before the events of this lesson, great Babylon had fallen and Cyrus, king of Persia, was in control. He was one of the most enlightened rulers the world has ever seen.

The first act of the rejoicing returning exiles was to set up the altar. Later they began to rebuild the temple. The Samaritans who were already in the land asked to build with them. But the Jews refused them because their religion was not the pure worship of God.

After work on the temple was stopped, things began to go wrong. Harvest were lean and other hardships were encountered.
