Three Commissioner **Candidates Express**

By Mae Lark

Views On Questions

Three of the five Orange County Commissioner candidates who will compete for election in the Democratic Primary Saturday, publicly expressed their views on various matters of current interest in the county last Wednesday evening at an open forum discussion held in the Chapel Hill town hall and sponsored by the Chapel Hill League of Women Voters.

Candidates speaking at the forum were Collier Cobb, Ben F. Wilson, and M. L. (Steve) Allison. Two other candidates for the office, H. G. Laws and T. J. Wilkerson, declined invitations to the meeting.

Thet present board of commisioners is composed of Cobb, Wilson, and Laws, all of whom seek re-election. Cobb and Wilson have served for the past 10 years and Cobb has been chairman of the board six years. Laws has held the office six years.

Allison entered the race this year for the first time. Wilkerson has been a candidate in previous races.

A brief biographical sketch and summary of the views of each candidate as expressed at the meeting

Cobb pointed out the most serious needs of the county as those outlined in the bond issue calling for the appropriation of bonds totalling \$1,045,000 in three separate and distinct issues, which was defeated last year. These needs, namely: the completion of a Chapel Hill high school building; better facilities for Negro schools and other county schools; a remodeling of the Orange County courthouse interior to provide more office space; ;the construction of a building in Hillsboro to house various offices of county employees.

Cobb expressed the belief that the bond issue should be presented again in its entirety not later than next May, saying that he believed many of those who voted against it last year are now ready to endorse it, and that those in favor of the school bonds would also favor the appropriation of funds for the Poppy Day will be observed in courthouse and office building pro-Hillsboro Saturday May 29, Mrs.

graves-the one touch of beauty Wilson felt that the bond issue the next year. He pointed out the Memebrship Corporation, in the Orange County courthouse in Hillsboro, the need of more adequate toilet facilities in the courthouse, and better office accommodations for all county employees.

Wilson, who lives near Mebane, was born in Orange County in 1902. He attended the Mebane public schools and has lived all his life lina. in Orange County. He is engaged in the business of farming. His farm contains 268 acres and he rents 75 acres.

Allison

Allison stated that he favored F. E. Joyner of Hillsboro, manthe part of the bond issue which ager of the Piedmont Electric Membership corporation, announc- called for the appropriation of ed this wek that the organization money for the betterment of the had received an additional loan of schools, but he felt the total sum \$82,000 to complete three projects called for in the entire issue was too much to be asked at this time. Allison said he believed the best Loans were secured for the projects in 1945, 1946 and 1947, but way to secure the passage of the bond issue is to work on the school issue now and postpone remodellnal estimates and the additional loan was necessary to complete the ling the courthouse interior and construction of the office building until the public realizes more fully When the three projects are comsuch needs and building materials pleted, a total of 1,400 more cus-

tomers will be added to the line's and labor are less expensive. Allison pointed out the need of more extensive agricultural program in the public schools to prenare Orange County youth for a more profitable life in Orange County. He mentioned need of higher standards in public schools to equip high school graduates to enter and successfully pursue their The Volunteer Hillshoro Fire studies in the excellent colleges of
