## GROWTH OF POLIO CARE TEAM

Medical care for polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly, as the accompanying chart reveals. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost National Foundation Chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support the POLIO EPIDEMIC EMERGENCY DRIVE to help care for today's polio patients. Send your contribution now to POLIO, care of your local Post Office.

## Current Polio Emergency Drive Termed Vital To Future Of Medical Care Plan

Chapel Hill—The degree of success of this campaign will determine the extent to which we can go ahead with medical care and treatment.

That is how Phillip S. Randolph of the Chapel Hill office of the National Foundation of Infantile Paralysis described the Polio Epidemic Emergency Drive, now being carried on in Orange County and throughout North Carolina and other states in an effort to replenish the Polio Foundation's treasury.

The funds to fight polio have become badly depleted due to a record number of polio cases this summer. Foundation officials estimated before the drive that funds on hand at that time would last only 10 days. "This is one of the most critical spots in the Foundation's history," Randolph said.

North Carolina has received \$3,132,148 from the National Foundation since the 1944 crisis, while contributing \$1,712,574. Since January 1 of this year this state has received a total of \$903,000.

Randolph states that for the months of August and September, \$80,000 will be spent in North Carolina caring for polio victims. This money will go for such things as hospitalization, braces, crutches, wheel chairs, and special aid.

An official of the local Health Office stated that all funds in Orange County have been exhausted and that any money spent from now on will have to come from national headquarters.

Any citizen wishing to contribute to the Emergency Drive should address his donation to POLIO in care of his local postmaster. A Hillsboro resident, for example, would mail his contribution to "POLIO IN Care of Postmaster, Hillsboro."

A national goal of \$14,500,000 has been set to provide aid for an expected total of 40,000 cases of polio. Although the nation as a whole is suffering from its worst epidemic, North Carolina has had a sharp decline from the 1948 total of 896 cases. The latest report, which is dated September 3, shows that in 1949 North Carolina has had 159 cases.

Governor W. Kerr Scott has appealed to North Carolinians to give generous support to the Emergency Drive. Scott stated, "The National Foundation has helped North Carolina when in need. I now appeal to our citizens to help the Foundation."

## Rent Control Office Closes

Chapel Hill—After today rent controls in Chapel Hill will be administered by the Durham Area Office, according to information received here from Regional Housing Expeditor Kenneth A. Campbell of Atlanta.

Campbell said that local rent advisory boards will be asked to continue serving in areas in which offices have been closed. The closing of the Chapel Hill office is part of a sweeping curtailment of employment by rent control authorities. Other offices in this state that are closing are: Gastonia, Hickory, Fayetteville, New Bern, Rocky Mount, High Point, Winston-Salem, and Elizabeth City.

A total of 39 local control offices will be closed in this area and their work will be assumed by rent control boards in nearby cities.

## Chapel Hill Aldermen Approve Street Paving Project Totalling 12,100 Yards

Chapel Hill—The Chapel Hill Board of Aldermen approved approximately 12,100 yards of new street paving at its meeting Monday night in Town Hall.

Streets to be paved are Graham (from Rosemary to Whitaker), Roberson (from Rosemary to Whitaker), Whitaker (from Roberson to Nunn), a portion of Nunn, Sunset (in Chapel Hill), Mitchell (from Rosemary to Lindsay), North Columbia (from Stevens to Noble), N. Hillsboro (from its present end to the Town Line), and about 100 yards of Westwood Drive.

The paving contract was awarded to the Adams-Tait Construction Co. of Roanoke, Va. which turned in the low bid \$6400.

During Monday's meeting, five local citizens appeared before the

Board requesting that steps be taken to provide safety measures on Cameron Avenue for the protection of Chapel Hill school children.

Cameron Avenue was described as a "speedway" and the Board was told that a policeman would be needed to keep traffic at a safe rate of speed.

Mayor Edwin Lanier assured the petitioners that the Town Government will do all within its power to protect the children.

A stop light at the Malet intersection has already been approved and the matter of stationing a policeman on the Avenue during the hours that students must cross the street was deferred until the next meeting, when the Board will decide whether or not to add another man to the local force.

## Gala Entertainment Program, Dinner, Awards Climax Softball Program

Hillsboro—A gala softball dinner featuring an entertainment program, awarding of trophies and heaping plates of barbecue, fried chicken and accessories brought to a fitting climax Tuesday night a summer's softball program which was the major feature of the community's recreational program under the lights of the high school athletic field.

Some 200 members of the participating teams and friends of the recreational program attended the event. The meal was served by the ladies of New Sharon church.

Rev. I. E. Birdseye acted as master of ceremonies and short talks were made by G. A. Brown, high school principal, Sidney Green of Eno Cotton Mills, and Vernon Elrod of Belle Vue Mill. Brown said the program's value to the community had been immeasurable and attributed to it major responsibility for lessening incidents of juvenile delinquency in the community during the past summer. Green said the program had cemented friendly relations between the various sections of the community, and Elrod, who claimed distinction as the manager of both last place teams, paid tribute to good sportsmanship evidenced throughout the summer by all participants.

Team trophies to the winners in the boys and girls divisions were presented by B. P. Gordon Jr., president of the Exchange Club, original sponsors of the league, to Hilda Scott, captain of the High Schools, and Hugh Burch, captain of the champion American Legion team. Both responded with words of appreciation in behalf of their teammates. Awards for "sportsmanship" were presented by G. A. Brown to Odell Jones for the boys and Daphne Gattis for the girls. The award to Jones, unable to be present, was accepted by M. E. Allison. A humorous award, dark glasses, a cup and sign (blind), was presented to Harvey King as the best umpire. Sportsmanship awards were donated by Allison and Elrod.

Entertainment was furnished by a quartette with Bob Tyson at the piano.

## 93-Yard Kickoff Return Sparks Hillsboro Win

Hillsboro—An improved Hillsboro high school football team, smarting under a walling from Durham the previous week, bounced back in a well played game against Dunn last Friday night and walked off with a well earned 13-6 victory.

Harry Brown's 93 yard kickoff return on the opening play got the locals off to a good start and Bruce Newman added the extra point by placement. A 42 yard pass, Carl Swainey to Harley Heffner set up the second marker and Newman carried it over from the two.

Dunn fought back hard and scored in the last period on a 30 yard pass, Tart to Waggoner, but never came close to scoring again. Hillsboro remains idle this week with no game scheduled.

W. KERR SCOTT... "looking for instances of rural progress."

## New Sharon Talk, Inspection Trip Begins At 3 P. M.

Hillsboro—Governor W. Kerr Scott, North Carolina's foremost champion of rural progress, comes to Orange County Saturday to inspect some outstanding evidences of such progress.

The locale will be northeastern Orange with focal points at New Sharon church, the new Schley Grange hall, model for the nation, and the St. Mary's community school, now being utilized by the Grange of that community.

The governor is scheduled to inspect the recently completed New Sharon church and speak to the public there at 3 o'clock. His remarks will probably be informal and along the theme of good roads and better utilities and rural progress which has claimed his attention since his inauguration.

Following the New Sharon program, he will be escorted to the almost completed Schley Grange hall, which last year was awarded to the community by the Sears-Roebuck Foundation as first prize in their National Community Service contest. Judged the nation's outstanding Grange in community service, Schley won national and state-wide publicity for its achievement and the \$50,000 building and attendant recreational facilities is expected to be a model for other Granges throughout the country.

Following the Schley inspection, a barbecue supper, a Dutch affair, with the governor as honor guest will be held at St. Mary's school.

The invitation to the Governor was extended on behalf of the participating communities by the Rev. Charles S. Hubbard, pastor of New Sharon. Notification of the Governor's acceptance was made in a letter from Ben Roney, his special assistant, who indicated Scott would be pleased to inspect outstanding instances of rural cooperation and progress in Northeastern Orange.

The New Sharon church, one of the finest rural churches of the state, was dedicated several months ago after having been built and paid for in one year by residents of the community.

## Chapel Hill Summer Lull Ends This Week As University Reopens For Fall Session

Chapel Hill—After a two weeks' lull, the University of North Carolina campus is once again busying itself—this time in preparation for the informal opening of the fall quarter Saturday, when freshmen and new students will arrive.

Approximately 1,000 freshmen are expected to be on hand for Orientation Week which gets underway with a general assembly in Memorial Hall on Saturday morning.

Dean of Admissions Roy Armistead announced that more than 7,000 students enrolled this fall, the large majority of them being North Carolinians; since the University is still operating on the quota system which limits the number of out-of-state students to 15 percent of the new students admitted.

Registration for all students is scheduled for Tuesday and Wednesday, September 20-21, in Woollen Gymnasium, and classes will get underway Thursday, September 22.

The new students, both men and women, will have a full week of orientation, including meetings with advisers and counselors, placement tests, and physical examinations. A number of entertainment programs are also planned, and campus leaders will be on hand to help the newcomers get acquainted with their new surroundings and to meet their deans and professors.

Even before Orientation Week gets under way 150 freshmen will participate in the new Freshman Camp to be held under the auspices of the YMCA at Camp New Hope about 10 miles from the University village. The camp will get underway Wednesday, September 14, and continue through Friday, after which they will return to Chapel Hill to join the other freshmen and newcomers.

Saturday night Chancellor R. B. House will welcome the new students in Memorial Hall, and on Sunday afternoon the Chancellor's reception will be held on the campus near the Davie Poplar. That night all the Chapel Hill churches will hold receptions for the new students.

Social events include a YWCA party in the "Tin Can" Monday night, September 19; an open house at the Monogram Club and a party given by the women's organizations Tuesday night; open house at the women's dormitories Wednesday night, September 21; a picnic for new women students Thursday afternoon, and the annual Coed Ball Friday night in Woollen Gymnasium.

Preceding the ball, there will be a big pep rally on Fetzer Field in preparation for the first football game of the year with N. C. State in Kenan Stadium Saturday, September 24.
