EASTER STORY BOOKLET

Chapel Hill—"The Easter Story" a booklet by Dr. Roy K. Mack, director of the Morehead Planetarium at the University of North Carolina, which has just been released, describes the history and its celebration as a "celebration of Easter," Dr. Mack shall say, "is its watershed through the calendar," and he explains this meandering in a letter entitled "The Date of Easter." Other sections of the booklet deal with various celebrations of the occasion.

The cottage where Wilson and his bride spent their honeymoon is still popular with newlyweds as Arden, in the mountains of western North Carolina.
