Welfare Budget Of Over \$200,000 Is Proposed

Hillsboro — A recommended budget calling for expenditures of \$200,908 for the fiscal year 1950-51 was presented to the County Commissioners Monday by Mrs. Jean M. Heer, County Welfare Superintendent.

And, although involving for the most part state and federal funds, Chairman Collier Cobb, Jr. took occasion to point out that the sum represented approximately two thirds of the total tax assessment of Orange County. As on previous occasions, he expressed deep concern over the continued general increase in welfare expenditures from all sources.

The county's share of the proposed budget is approximately a fourth of the total budget, \$47,438, with \$151,070 expected to come from federal and state sources and \$2400 from the equalization fund. The county's share represented an increase of approximately \$200 over the past year's budget, the increase being applied to the Old Age Assistance and Aid to Dependent Children funds.

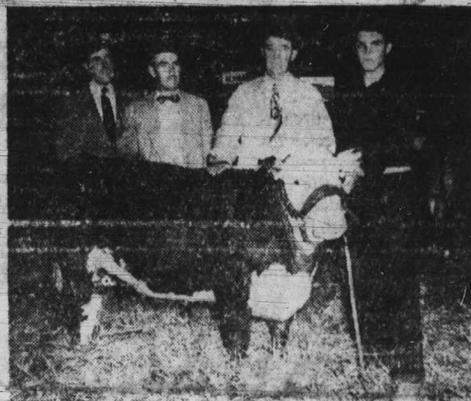

The largest slice of the county's share will be applied to administration, \$13,104 out of the total \$22,850 appropriation proposed for that item.

A meeting of the Commissioners with the County Welfare Board is scheduled for May 29th at 10 A. M.
