

Highway 70 Slated For Improvement As Primary System Gets State Attention

The North Carolina Highway Commission has more than \$21,000,000 worth of projects under construction this spring on its primary highway system along with hundreds of miles of secondary road paving.

More work is in-progress than at any time since World War II. The 29 major projects include several million-dollar bridges in Eastern Carolina and numerous relocations of principal through-highways. At least two segments of four-lane boulevards are under construction in the Piedmont section with more planned later this summer.

Funds to perform this work have been made available in part through utilization of the \$200,000,000 highway bond issue for secondary road needs, leaving other highway funds free for primary road work. Governor Scott has earmarked all surplus funds produced by increased receipts from automobile use taxes for the primary highway system. Over \$15,000,000 in surplus funds have

been used on some dozen important primary highway projects considered most urgent by highway engineers. Those include the new four-lane highways to be constructed between Charlotte and Concord and between Spencer and Lexington on US 29, a now 50-mile by-pass bordering the cities of High Point, Greensboro, and Graham on US 70, and a new location route for US 70 between Ridgecrest and Old Fort, also four-lane.

Among the important bridge projects now under way or about to begin are the following: The Roanoke Sound Bridge between New Head and Manteo, the Chowan River Bridge at Edenton, the Neuse River Bridge at New Bern, a newly located structure across the Cape Fear River near Acme in Burnsville County, a two-lane addition to the Yadkin River Bridge between Davidson and Rowan County on US 29, the Yadkin River Bridge between Yadkin and Forsyth counties, and the French Broad River Bridge

near Hot Springs. During the past two years the Highway Commission has paved over 6,000 miles of farm-to-market roads under the \$200,000,000 bond issue program. Another 9,000 miles of county roads have been stabilized for all-weather travel. This work has been accomplished with about one-half of the bond money. Work will continue on the secondary road program during the next two years.

Meanwhile, Dr. Henry W. Jordan, Highway Commission Chairman, has announced that special emphasis will be placed on primary road construction, using as a blueprint a special survey completed early this year which showed that North Carolina's main-line highways have over \$305,000,000 in deficiencies.

IN MEDITERRANEAN

Peter T. Hulth, Jr., radioman, second class, USN, husband of Mrs. Mary Ann Hulth of 106 Carr Street, Chapel Hill, N. C., is serving aboard the destroyer escort USS R. A. Owens on duty in the Mediterranean as a unit of the Sixth Fleet. The Owens is flagship of Commander Destroyer Flotilla 4 and will participate in fleet maneuvers including amphibious landings by marines on the island of Malta with full scale Naval air and sea power support.

COMPLETE COURSE

Ens. William D. Carmichael, III, USN, son of Mr. and Mrs. William D. Carmichael of Chapel Hill, has completed a course of instruction at the Navy Supply Corps School, Bayonne, N. J., and is now qualified for duties in the Supply Corps afloat and ashore. Before entering the Navy, he attended the University of North Carolina.

ADVANCED

George R. Tilghman, Jr., USN, son of Mr. and Mrs. George R. Tilghman of 321 McCauley Street, Chapel Hill, and husband of Mrs. Rose Costa Tilghman of 326 Jencks Street, Fall River, Mass., was recently advanced to printer, third class, while serving at U. S. Fleet Activities, Yokosuka, Japan. Tilghman entered the Naval service June 10, 1943.

Consumption of fluid milk is gradually expanding despite the fact that retail prices are about 10 per cent above level of a year ago.

Support Your Church

Johnny had a little lamb

It was a wonderful day for Johnny when Father took him down to the South Meadow and gave him this lamb. It was to be his very own, to care for and to love.

Johnny promised himself he would rear his pet with the best of his ability and would keep it always—even when he grew up.

But Johnny, in his enthusiasm, did not realize that what he thought was his greatest possession would not live forever.

And so our most treasured goods last but for a limited span of years; we sometimes overlook the fact that we must some day part with them.

But there are treasures which may never be taken from us. The good deeds we do, the happiness we bring, the blessings we bestow, the duties we perform; these are with us always, and will bring us happiness forever. All of us can possess more of these treasures. By attending the services of our Church and by reading the Holy Word, we will come to possess more gifts of lasting value, gifts which we can prize always, and will take with us into eternity.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
