VIEWS FROM EACH SIDE OF NEW DAM—Views from each side of Hillsboro's new dam, just completed on the Eno River, just west of the town water plant, are shown above. The last section was poured last week and yesterday only buffing and a mopping of the final section and a general cleanup remained to be done. When this is completed today or tomorrow, the flood gates will be closed and the lake will be allowed to fill until the overflow begins across the broad river span.

## Development Group Elects Matheson As First Chairman

### Induct Grange Officer Group At Buckhorn

Buckhorn Grange officers for 1956 were installed in a very impressive ceremony in an open meeting in the Chestnut Ridge Church Monday night.

Pomona Grange Master Vance Martin made the installation, describing the responsibilities of each officer and outlining diligence and faithfulness in the performance of the duties. Officers installed for the coming year were: Master, Hubert Carter; Overseer, Warren Holmes; Lecturer, Evelyn Patterson; Steward, James Crutchfield; Assistant Steward, Odell Sykes; Chaplain, Walter Carter; Treasurer, Winfred Shambley; Secretary, Vance Carter; Gate Keeper, Lowe Sykes; Cress, Inez Shambley; Pomona, Marietta Ray; Flora, Pattie Stanford; Lady Assistant Stewart, Blanche Sykes; Executive Committee Member, A. K. McAdams; Trustee, Walter Carter.

It was announced by Master Hubert Carter that Buckhorn Grange, along with White Cross Grange in Orange County, had received honorable mention in the State Grange Community Service Contest sponsored jointly by the National Grange and the Sears Roebuck Foundation.

Schley Grange won the National Community Service Contest in 1948.

Vance Martin announced that the Pomona Grange will meet Monday night, October 17, at 7:30 o'clock.

### Speech Therapist Will Talk To PTA

Mrs. Adair Wiess, speech therapist for Orange County, will be guest speaker to the Hillsboro School Parents and Teachers meeting on Tuesday night at 7:30 o'clock, telling the group about her work with the children.

After the business session there will be room visitation, with parents visiting with the teacher of their children in their classrooms. All parents are urged to attend. It is asked that all memberships be turned in by the November meeting.

### Lanier Addresses Group's First Meet

At their organizational meeting in Hillsboro Thursday the newly authorized Orange County Agricultural and Industrial Development Commission elected County Farm Agent Don S. Matheson as its first chairman.

County Commissioner Edwin S. Lanier spoke at the meeting, attended by 25 of the 28 persons named to the commission, four from each of the County's seven townships. Mr. Lanier told the commission "I believe we all feel and agree that by much study, planning and quiet persistent effort we can be instrumental in promoting agricultural and desirable industrial activities in Orange County." Mr. Lanier proposed the formation of this Commission last summer.

"Results — In Long Pull" "I think no one expects immediate and dramatic results from the Commission," continued Mr. Lanier. "But similar groups in other counties and in other states have, over the long pull, achieved significant results. — We all can recall instances where marvelous results have been brought about by the vigorous mixing of Tar Heel brains, dirt, and effort."

As Vice-Chairman the Commission members elected Bernice Ward of Chapel Hill, and as secretary, Robert O. Forrest of Hillsboro.

On motion of Collier Cobb Jr., of Chapel Hill, the group elected a seven-man executive body "to crystallize thought and present recommendations to the full Board at an early date." Elected to this board, which is to include the three regular officers, were Mr. Cobb, Z. C. Burton, Raymond Andrews, and Robert Nichols.

### Half-Holiday Declared In Schools For Fair

Orange County schools will suspend classes at noon on Friday, October 21, to permit children to attend the North Carolina State Fair in Raleigh.

An effort is being made to coordinate Fair activity of all the schools and Superintendent G. Paul Carr said he hopes all parents will cooperate with this plan in order that students may not be out of schools at widely varying times. Tickets are available for all children who wish to go on this assigned day, he said.

### Commissioners To Meet Mon. On Job Study

The Board of County Commissioners will meet Monday night at 7:30 o'clock to study the new job classification and salary scale originally presented at last week's meeting by Donald Hayman of the Institute of Government at the Board's request.

Members of the Board were given copies for study following Hayman's preliminary explanation and may make some changes or adjustments at Monday's meeting.

The study sets up a civil service type of system for the county government, including analyses and salary scales for each job category. All employees of the county are included with the exception of elective officials, department heads, and employees of the Extension Service, the Welfare and Health departments who are already under the State Merit system.

### One Of Biggest Stills Is Cut In Raid By Sheriff Last Week

One of the biggest stills caught in operation in many months in Orange County was cut down in Little River Township last week by the Orange County Sheriff's Department.

None of the operators were caught at the still site, located in a brush-covered section of liquor, making about 12 miles north of Hillsboro but over 2,000 gallons of fermenting mash was poured out and the still, maintained by a good-sized low pressure steam boiler, was wrecked.

While tracking down this still Sheriff Odell H. Clayton also ran across a twin-container submarine type still—a layout seldom seen in these parts—within a half-mile of the bigger operation. He hauled this one up, too turning out several hundred gallons of the dregs of previous runs. It was estimated this still hadn't been operated in quite a while.

Participating Officers: Participating in the destruction of the big 12-barrel still, besides

## ASC Community Elections Set In County Next Tuesday

Farmers in each of Orange County's seven townships will go to their township polling places next Tuesday to elect representatives to direct the ASC program in the county next year.

Committees will be elected in each township from a group of 10 nominees already announced. The polls will be open from 9

a.m. to 5 p.m. McAdams urges all eligible voters to go to the polls and cast their ballot for the men they want on the local committee to represent their community and make vital decisions that will affect the entire community. "The ASC program is administered by farmers, it is a farmer-

run organization," McAdams stated. The responsibility for running the ASC Program more or less is placed upon the farmers. "To begin with," McAdams pointed out, "the farmers in each community elect each year three of their members as community committee members to represent them in handling the program in their com-

munity. The community committeemen have done an outstanding job in helping the farmers in their community to take advantage of the many benefits offered through the ASC program. These community committeemen are busy farmers themselves and have to make a sacrifice to do the job for the farmers in their community. These men are responsible for the administration of the program in their community and they need, and should have full cooperation of the farmers in that community. The average farmer perhaps does not realize the many services that they receive from their Community committee. Another group who also has a large responsibility in running the ASC program in the County is the County Committee, and again the responsibility falls right back on the individual farmer, because it is the farmers' privilege to select these men to serve on the county committee."

## Supplemental Tax For Schools Being Studied By County Groups

At least three Orange County groups are studying the question of a supplementary school tax, county-wide or within one or more school districts.

The Kellogg Advisory Committee for school improvement in Orange County last night was presented figures compiled at its request by Superintendent Paul Carr showing yields which might be expected for the various schools in the county system under both a 10c and a 5c school tax supplement, according to the present property valuation and divided on the basis of teacher allotment.

Both the Carrboro and White Cross district school committees are studying proposed tax supplements for their districts, in order to meet the demands of the Chapel Hill school authorities for an equalization of the payment of non-district students for operation of the schools. Some 425 students from the Carrboro and White Cross districts attend school in Chapel Hill where school funds are augmented by a 15c per \$100 supplement.

In presenting data to the Kellogg group last night, Carr advised that on the basis of present taxable property valuation in the county outside the Chapel Hill district, \$48,000,000, a yield in the neighborhood of \$43,000 might be expected from a 10c levy and \$21,500 from a 5c levy. Using the teacher allotment as a basis for distribution of these funds among the various funds, he presented the following breakdown by schools: (the first figure is a percentage of the total teachers for each school followed by the tax yield for the 10c levy):

Hillsboro, 27.9%, \$11,997.
West Hillsboro, 4.8%, \$2,064.
Murphy, 2.0%, \$860.
Efland (White), 6.8%, \$2,924.
Aycock, 8.9%, \$3,827.
Carrboro, 8.9%, \$3,827.
White Cross, 2.7%, \$1,161.
Caldwell, 2.0%, \$860.
Central, 20.4%, \$8,772.
Efland (Negro), 4.7%, \$2,021.
Cedar Grove, 10.9%, \$4,687.

The approximate cost in North Carolina for several "extras" which might be provided under such a proposed supplementary tax, Mr. Carr said, is as follows: \$3,000 for a teacher, \$4,000-\$5,000 for a band director, \$800-\$1,500 for a principal's secretary, and \$500-\$1,000 for supplements to coaches.

See SCHOOL MEET, Page 8

### Fred Blake Jr. Gets New Navy Assignment

Ensign Fred Blake, Jr., son of Mrs. Fred Blake and the late J. Fred Blake, reported last week to Pascagoula, Mississippi, aboard the U.S.S. Rigel where he has been assigned assistant supply officer.

Ensign Blake received his B.S. degree in Business Administration in June from the University of North Carolina and was commissioned an ensign in the U. S. Navy. On September 22, he was among the 218 who were graduated from the Naval Supply Corps School at Athens, Georgia.

The U.S.S. Rigel, recently commissioned, will leave October 18, for Cuba, and is to arrive at its home port, Norfolk, Va., around the first of November.

## Interest Rate Increased To 3 1/2% By Local B&L

The Hillsboro Building and Loan Association this week increased its interest rate to savers from 3% to 3 1/2% in line with the trend among similar institutions in nearby towns.

Announcement of the increased interest to investors was made by Secretary-Treasurer Ira Ward yesterday following a meeting of the Board of Directors Tuesday night at which the action was taken.

In a resolution directing the increased rate, the Board of Directors noted the healthy growth of the local institution. "In view of the healthy growth of the Association," the directors stated, "which now has resources totalling \$1,957,625.55, as of September 30, 1955, and reserve funds in the amount of \$119,484.33, we are in favor of paying our savings members a greater return on their investments. Our saving members provide the funds for home loans and we are proud to express our appreciation in this way."

The September 30 financial statement revealed an increase in assets of the association of \$376,585.88 since the same date last year and the association is expected to be well above the two million dollar mark in assets by the end of the year. \$1,742,935.09 of this amount is in mortgage loans for home building or improvements throughout the community served.

### Girl Scout Drive Delayed Until Oct. 24

The Fund Drive of the Girl Scouts in the Hillsboro, West Hillsboro and Efland area has been changed to the week of October 24 through October 29, instead of the time previously announced by the area council.

Drive chairman J. L. Mrown Jr. announced that the change was made to avoid conflict with drives already underway in the area.

Beginning Monday, October 24, teams of volunteers in every part of the area will begin calling on individuals and business places for funds to support the program of the Bright Leaf Girl Scout Council in bring more and better Girl Scouting to the northern part of Orange County.

Seven organizations are sponsoring Girl Scout troops in this area this year, giving the greatest opportunity the program has ever had. With the training and help of the council being provided the leaders and committee members of each troop, the scout program will reach more girls and develop better scouts than ever before.

Our area goal is \$1,168.00 and every volunteer is going to be striving to help reach it, the week of October 24 through 29.

### LIONS HEAR GOVERNOR

Lions District Governor Willie Welborn of Thomasville was guest speaker at Tuesday night's meeting of the Hillsboro Lions Club, paying his annual visit to the local club.

Dr. Robert Murphy was inducted as a new member and Dan Dewey, new county forester, was a guest.

### John Clayton In Auto Mishap

W. John Clayton of Hillsboro was knocked unconscious for several minutes and his pickup truck damaged Monday night about 8:30 o'clock on Highway 70 a mile west of Efland when he struck a parked car on the highway and swerved into an oncoming car driven by Gother Watkins of Mebane.

Mr. Clayton was blinded by oncoming lights and failed to see the stalled car on the highway. He apparently struck the parked car a glancing blow and careened into the path of the car with the blinding lights. Damages to his truck were estimated at \$100, to the Watkins car, \$300. The driver of the car parked on the road drove off without being identified before Mr. Clayton regained consciousness. There were no serious injuries reported. No charges have been preferred in the case.

Mr. Clayton lost his pocketbook in the accident and says he will be glad to reward anyone returning it to him.

### LOCAL STUDENT ENROLLED AT DUKE UNIVERSITY

Mary J. Reinhardt of Hillsboro is among 280 freshmen enrolled in the Woman's College of Duke University for the 1955-56 academic year.

### Duties

McAdams in reminding the coming date for the elections gave some of the duties of the county committee, that they are called upon to perform. He says they are responsible for the operation of the County ASC offices, for selecting practices that are suited to their county, setting-up tobacco allotments, dividing the allocations of funds for different sign up periods, and numerous additional problems that come up from time to time in connection with the program.

McAdams also stated that Orange County has been very fortunate all through the years in having efficient men as county and community committeemen. This, he said, accounts for the splendid progress of the ASC program in Orange County. Continuing, McAdams stated that the ASC program is a farmer-run program for the farmers. Every farmer has the privilege of cooperating with the ASC program, however, there is nothing compulsory about it. The ASC committeemen are always ready and willing to render services to any farmer who desires their assistance.

After the polls close at 5 p.m. on the 18th, the ballots will be counted and the one receiving the highest number of votes will be the Chairman, the one receiving the second highest will be Vice-Chairman, the third in line will be a regular member of the Community Committee. The first highest number of votes will be elected First Alternate and the second highest number of votes will be second Alternate, as delegates to the County Convention which will be held on October 27, 1955 at 10 a.m. at the County Agricultural Building in Graham. The purpose of this meeting will be to elect the County Committee which will consist of a Chairman, Vice Chairman, Regular Member and First and Second Alternate.

### Polling Places

Polling places will be as follows for each township: Hillsboro, ASC office, Agricultural Building; Eno, Mick Hill's Service Station, on the St. Mary's Road; Little River, Murray's Store; Cedar Grove, Chandler's Store; Cheeks, Forrest, and Forrest, Efland; Bingham, Whitefield Store at White Cross; Chapel Hill, Farmer's Exchange at Carrboro.

### HARVEST FESTIVAL

There will be a Harvest Festival on Saturday October 15th at Walnut Grove Methodist Church.

The Auction sale of farm commodities, cakes, pies, etc will begin at 2:00 o'clock in the afternoon. At the close of the sale supper consisting of Barbecue, Brunswick stew and all the "Fixings" will be served.

The proceeds will go toward the Fellowship Hall Building Fund. The public is very cordially invited.

### SHERIFF'S ACTIVITIES

The Orange County Sheriff's department destroyed 2,200 gallons of mash and 19 1/2 gallons of whiskey in 12 raids made during the month of September, according to his report filed with the County Commissioners. Other activities during the month included 71 arrests, 36 civil papers served, 9 investigations, 100 warrants summoned, 37 subpoenas served and two stills destroyed.
