

Farm Bureau Opens Member Drive At Cedar Grove Tonight

Plan Supper As 'Kickoff' Event At 7

A "kickoff supper" at the Aycock High School auditorium tonight at 7 o'clock will serve to launch an intensive membership drive for the Farm Bureau in Orange County.

Victor Walters, county membership chairman, said this year's county goal is only 300 of a total state quota of 70,000.

Final plans will be made at the supper tonight for the solicitation which begins officially tomorrow morning.

"We are anxious that Orange County do an outstanding job," said Walters.

During the campaign, some one will try to contact the farmers and other interested citizens of the county to get their memberships. He urges that you make it easy for these membership writers by seeing one of them, if possible, and signing up.

The Farm Bureau, although not as strong in this county as in many others of the State, has had an active organization for many years. It is organized in all 48 states and in 89 of North Carolina's 100 counties.

In addition to influencing farm legislation nationally and in the State, the Farm Bureau has established an insurance coverage at costs for its members. Associate memberships may be held by business firms and these organizations have the same privileges as regular farmer members with the exception of voting rights.

Membership Chairman Walters, speaking of the need of a strong Farm Bureau organization in Orange County, urged all farmers, business and professional groups to lend their full support to the current drive for members. "Every landowner, every tenant and every sharecropper in Orange County must realize what is at stake and give his full support by becoming a member of the Orange County Farm Bureau," declared Walters. "Every farmer in Orange (See FARM BUREAU, Page 8)

Goodwin Named Christmas Seal Sale Chairman For Third Year

J. G. Goodwin today was again named chairman of the 1956 Christmas Seal sales for the third year.

The 50th annual campaign to raise funds to fight tuberculosis will be carried on by the 3,000 tuberculosis associations throughout the United States from November 15th through December.

"Great progress against TB has been made in the first half century of the Christmas Seal sale," says Goodwin. "But there is a big job ahead to bring this disease under control. TB strikes 100,000 Americans every year. We must all share in the fight to protect our homes from TB. Two Arrested In Hit-And-Run Death Of Mayo

Two West Hillsboro men have been arrested and one of them charged with manslaughter and hit-and-run in connection with the death of Harold Mayo on October 7.

They are: Luther Workman, who was allegedly the driver of the death car and Everett Moon, who is being held as a material witness.

Sheriff Odell Clayton and Patrolman M. C. Parnell broke the case Monday after two weeks of investigation and arrested the pair. Workman was later released under \$1,000 bond set by Recorder L. J. Phipps, but Moon was still in jail here in default of his \$500 bail.

Mayo was struck by a hit-and-run driver near his home on Nash street while walking along the road and died a week later from his multiple injuries.

Moon, it is understood, has signed a statement implicating Workman, but the nature of the additional evidence against the pair was not revealed by officers.

Building Plans Are Developing At Three Units

The Board of Education has acquired 1.1 acres adjacent to the Central School athletic field for expansion.

This is the latest move in the building program in which priority has been given to three projects.

The land at Central was purchased from Dora Latia, Alice Makin and the Green Brothers for \$975.

Plans that have been developed for the new Carboro school were shown to the District committee Monday night by Hyatt Hammond of Craft and Hammond, architects, who said the plans would be complete about December 1 and bids would be opened about the middle of January.

A survey team composed of W. L. Latham of the State Department of Public Instruction and Dr. W. E. Rosenstengel of the University Department of Education will visit the schools on November 1 to study the building situation in the Negro Schools of the county to make recommendations for future development in accordance with the request of the board of education earlier this month. Date and enrollment trends are being prepared for their use. Construction continues to progress on the addition of a lunchroom and other facilities at Aycock.

Wildcats Tackle Orphanage In Game At Oxford Tonight

Crippled after its second loss of the season last Friday night against powerful Henderson, the Hillsboro Wildcats of the gridiron go to Oxford tonight to play the Orphanage team in another Eastern Double-A district 3 game.

Three regulars are on the injured list and two of them, it was said, definitely will not see action at Oxford.

They are Mason Sykes at guard, Glenn Collins, the fullback, and Benny Freeland, halfback. Collins is the only one who may see limited service.

Last Friday night on a rain-drenched local field, the local team held Henderson to a single touchdown, losing 7-0.

The Bulldogs drove 54 yards early in the second quarter before Quarterback Al Taylor passed 20 yards to end Danny Taylor for the TD and Johnny Newton kicked the extra point. That was all the scoring on the muddy field.

Henderson had a touchdown called back in the first period

Schools Suffer 7th Accident Of New Term

Orange County Schools have suffered their seventh bus accident of the current term and Superintendent G. Paul Carr has expressed concern over the situation.

There were eight during the entire last year, the worst record in many previous years. A meeting to look into safety practices was held on October 15.

Since that time two others have occurred. Last week a bus driven by James Melvin Daniels slipped into Jap Vincent's taxi on a slick hill in the Buchanan section, resulting in \$215 damage to the taxi. There were no injuries.

Later another bus, driven by Wayne Durham of Chapel Hill, struck the rear of still another school bus which stopped suddenly at the underpass on Highway 85 east of Hillsboro. Ronald Bailey was the driver of the latter bus. Again there were no injuries.

Exchangeites To Sell Fruit Cakes Again

The Hillsboro Exchange Club's fruit cake sale was so successful last year that they plan to put on another fruit cake sale this season.

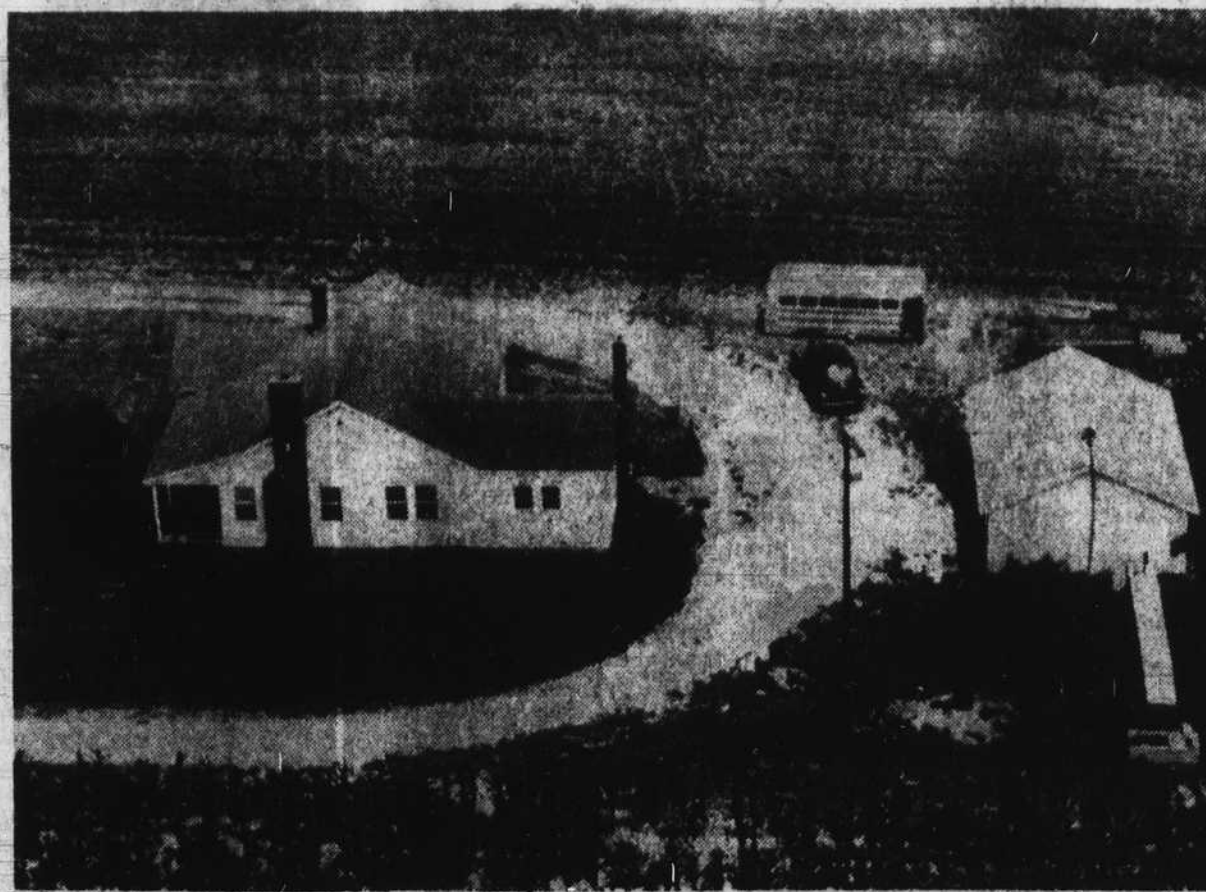

There were many repeat sales last year. Several people have inquired about buying cakes this year. The Club has formulated plans that should give many more people an opportunity to try one of these very delicious fruit cakes this season.

The cakes come ready sliced and well packaged. The prices are 3 lb. cake \$3.25, 5 lb. cake \$5.50.

In addition to getting one of the best fruit cakes you ever tasted you will be helping the recreation park. All proceeds from this sale will go towards building needs for the park. Present plans now call for two shuffle boards to be built next spring in the park.

Mystery Farm Of The Week

Who Owns This Mystery Farm?

Catherine Roberts, daughter of Mr. and Mrs. Reid Roberts, identified last week's Mystery Farm as belonging to her aunt and uncle, Mr. and Mrs. Lewis T. Tilley, of Rt. 1, Hillsboro in the St. Mary's Community. It is located around 3 miles from Hillsboro. The farm consists of around 163 acres and tobacco is the main crop with small grains also being raised. The Tilleys have five children: William Thomas of Burlington, Freeman who is stationed in Fort Benning, Ga. and Vernon, Annette and Brenda of the home. G. F. Lincer, Hillsboro Route 2, thought it might be the Bob Walker place near Cedar Grove. The first to provide the correct identification of the Mystery Farm each week receives a free year's subscription to The News of Orange County. The owner receives a beautifully mounted photo of his farm as it appeared in the paper.
