Story Of Bible In Korea Movie At Buckhorn

"My Right Hand and My Cause", a sound motion picture in color, which tells a story of the Bible in Korea, will be shown at the Buckhorn Grange on August 23, 1957 at 7:30. Everyone is cordially invited to attend.

The picture presents a true drama of Rev. Young Bin Im, General Secretary of the Korean Bible Society and the almost miraculous preservation of a Korean Bible Manuscript. Mr. Im and his wife suffered much during the almost hopeless months of the Korean War. The Bible House in Seoul was burned by the communists along with the entire stock of Scriptures and part of the precious manuscript. Mr. Im was forced to hide himself and the manuscript many times from the enemy. Finally he escaped to Japan where the Bible was printed. Today this book is being distributed in Korea.

The major part of the film was taken in Korea and includes war scenes supplied by the Signal Corps. The Korean music used on the sound track is played on authentic Korean instruments.

A Message From Your CITIES SERVICE Dealer

SPEEDERS fall into grave situations!

Of all the causes of accidents, speed is the greatest. True, we can help prevent accidents here at our Cities Service station by checking to see that a car is safe. But we can't check the driver.

Won't you be extra careful to hold back your speed and hold down accidents this weekend? And won't you also let us examine your car before you go? A little precaution will carry you a long way.
