## Sheriff Is Restrained In Race Track Case

Judge Clawson Williams continues to hold in abeyance his decision on a request for a permanent injunction against the Sheriff of Orange County to prevent his enforcement of the much-publicized Orange County anti-racing law passed by the 1957 North Carolina General Assembly.

A temporary restraining order was issued by Judge Don K. Moore on September 16 and arguments in the case were heard by Judge Williams here in Hillsboro during the October term of civil court, concluded earlier this month. No decision has been handed down.

The action was brought by Orange Speedway, Inc., Bill France, president, against Odell H. Clayton, Sheriff of Orange County, in an apparent effort to test the legality of the act, which was introduced by Senator Edwin S. Lanier to forbid automobile and motorcycle racing events on Sundays and after 6 p.m. on other days. The act, ratified on May 3, 1957, was the outgrowth of a drive by the North Orange Ministerial Association and other groups and individuals, to ban Sunday racing in Orange County. In addition to banning races on Sundays and at night, the act requires heavy insurance coverage for spectators, racing competitors and track workers and provides other regulations.

In its complaint, the plaintiff, represented by Attorneys J. C. Sedbury and Robert G. Sanders, alleges it has never conducted races except on Sunday and that it is not feasible, practical or profitable to conduct them except on Sundays. It claims that in races conducted since 1934, the net receipts have been \$99,931.70 after taxes and the net profits have been \$19,813.72. The plaintiff alleges that enforcement of the act by the Sheriff constitutes a deprivation of property and property rights and maintains that automobile racing in which it was engaged as promoter, is a legitimate business permitted under the General Laws of North Carolina and all of the 48 states. The complaint alleges further that two races were planned between May 8 and Oct. 20 of this year on both of which \$10,000 in profit was expected.

The answer to the complaint, filed by County Attorneys Graham & Ranson on September 24, admitted some of the long list of specific allegations in the complaint, claimed no knowledge of the others, and asked that the request for a permanent restraining order be denied.

### REQUESTS STOPLIGHT

The Board of Education of Orange County has called upon the State Highway Commission to place a stop light at the intersection of Highway 70 and 86 and have it in operation during the hours before and after school. The action came at the last meeting of the board at the request of a delegation from Central School and in consideration of the fact that a school child was killed on Highway 70 on Sept. 9.

### On Halloween

This Halloween Night, the youth of four local churches will ring the doorbells of Hillsboro's citizens to collect for UNICEF, the United Nations Children's Fund.

Since every dollar donated to UNICEF is supplemented by the governments of the countries helped, a small amount of money can do an unbelievable amount of good. For example, only a dime can provide some boy or girl with fifty-six glasses of milk.

Any amount which you give will relieve suffering and help to promote world peace. Remember that this year the trick is to treat UNICEF!

### COMMUNITY SING

The Presbyterian Church will hold a Community Sing Sunday night, Nov. 3, at 7:30 o'clock with the Rev. David Moss in charge. The public is cordially invited to attend. Refreshments will be served following the service.

## Exchangeites To Sell Fruit Cakes Again

The Hillsboro Exchange Club will again have available these delicious Benson fruit cakes for public sale. This will be the third year that the Club has offered these cakes. The prices are the same as before—3½ individually sliced cake for \$3.25 and the 5 pound cake for \$5.50. The condition of sale is the same—if not satisfied, your money refunded to you.

The purpose of this sale is the same—all profits go toward building the recreation park. An Exchange Club member will be knocking on your door on the night of November 4 or the night of November 5.

Please remember when he asks to sell you a cake that he is working for a Civic Community project that is for everyone in the Community to enjoy if they desire. Also remember that he is using his time and his car, his gas and facing the perils that go with night calling, to do this; these in addition to refunding you your money if you are not satisfied with your fruit cake. What can you lose?

Here the similarity ends. The \$1200.00 to \$2000.00 that the Club realized yearly from the stock car race concessions revenue is not available any more. So now, more fruit cakes must be sold to help offset this loss.

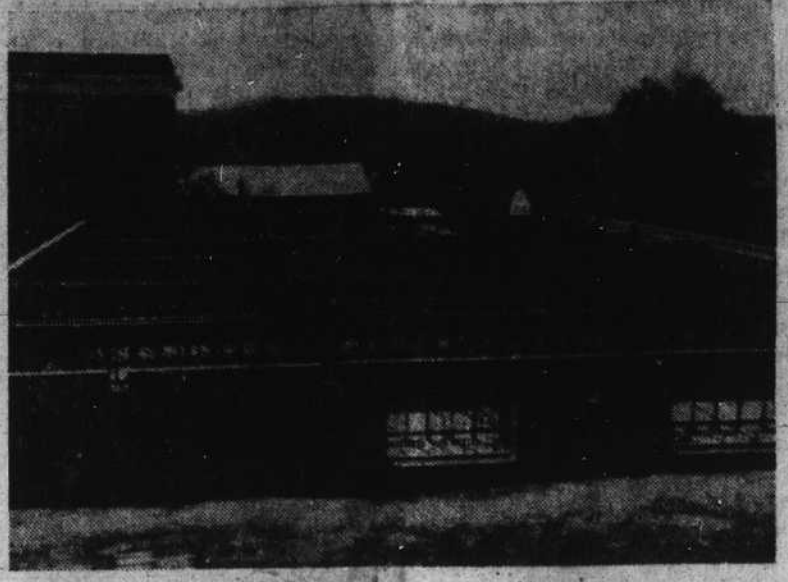

Last season, there were not less than 10,000 visits made to the park, by mostly our local citizenry. Of this number, about 8,800 played golf. This season there were more people who used the park than last year. The new shuffle boards, horse shoe playing, new dancing patio, all were thoroughly enjoyed. Again, revenues were reduced by the failure of the patrons in playing golf.

The Club has spent, since April of this year, about \$2000.00 on the park, about all they had. The Club hopes to make a definite stride towards funds for a swimming pool and tennis courts for next year. The golf course will have to be repaired, so you see, we have got to eat a lot of cake.

The Club wishes to express its appreciation to you for the fine support and cooperation given them in their various fund raising projects. Joe Rosemond is the club president and Glenn Auman is chairman of the park committee.

### ELU IS RAMPANT

Flu and colds continue to play havoc with citizens of the community as they continue in epidemic proportions. Sixty nine students were reported absent at Hillsboro High school yesterday, the lowest number in over a week. The absentee figure had reached as high as 153, as spokesman reported.

HIGH SCHOOL GYM as it looks today with brick and frame-work almost completed for the first floor after weeks of progress at a snail's pace. Contract for construction of the \$190,000 structure was awarded on June 10 to T. W. Poe & Sons of Durham, followed by glowing promises from the contractor that the job would be completed by Thanksgiving. That date is hardly more than 30 days away. The general contractor blames the heating contractor for delaying the job, which has stood virtually dormant for weeks at the time during the months since work got underway. Meanwhile, it looks like another season in the airy old gym for local students who were anticipating the comforts of the new quarters for the coming season.

## Games Here Tomorrow, Wednesday End Play

Halfback Al Hendrick's placement late in the second period gave Henderson's Bulldogs a close 7-6 decision over Hillsboro here last Friday night.

The victory was the fifth of the season for the Bulldogs, who remain in undisputed possession of first place in the Eastern District III, Class AA Conference. Henderson is unbeaten in conference play, with only a tie to blemish their record.

Hillsboro plays Oxford Orphanage here Friday night and closes out the season against Graham Oct. 30 here. The Graham game will be played on Wednesday night Oct. 23 to avoid conflict with railroad activities.

The flu-stricken Hillsboro squad played an inspired game led by the hard running of leftback Monroe Knight and fullback Ray Barnes. Hillsboro was stopped three times inside Henderson 10 yard line by fumbles, penalties and a stout defense. Henderson's only threat was a 53 yd. drive early in the second period for a touchdown. The Bulldogs were unable to cross midfield the entire last half.

Hillsboro played without the services of both starting ends, Jim Ray and Joe Dickey; halfbacks Charles Stanley, Johnnie Horn, Richard Blackwelder and center, Billy Riley. Four boys who did play had missed practice during the week on account of illness. They were: Monroe Knight, Walter Swainey, Vernon Petty and Kenneth Cooke.

Hillsboro scored first when Harvey Reinhardt intercepted a Henderson pass on the Hillsboro 37 as the second quarter began. Hillsboro then marched 63 yards down field for their lone score.

A pass play from Monroe Knight to end, Kenneth Cooke was good for 51 yards to the Henderson 12 yard line. Walter Swainey, a freshman, as spokesman reported. (See WILDCATS, Page 6)

The local work is one of two big Interstate highway jobs to be let at this time. The extensive structure work through Orange County on the big Interstate highway which is to be routed south of Hillsboro calls for 11 major bridges of which four will be dual-lane or twin-bridged.

## Ownership Transfer In Effect Nov. 1

Acquisition of Hesselin & Company, parent firm of the local Belle Vue Manufacturing Co., by the William L. Barrell Company of New York City has been announced.

The transfer of ownership will take place on November 1. Both firms are old-line gray goods selling agencies and top officers of the Hesselin company will move into the Barrell organization and continue in charge of all operations conducted heretofore by the Hesselin company.

L. E. Beard, president and treasurer of Belle Vue Manufacturing Co., which is a North Carolina corporation, subsidiary of Hesselin & Co., declined to elaborate upon what effect, if any, the change of ownership might have on local operations of the company. He did express the belief that the change will bring a larger merchandising coverage for the local firm, which now employs about 200 people in its manufacturing operations.

He explained the sale was brought about by the liquidation during recent years of Hesselin & Co., once one of the leading exporters of cotton goods in the world. Hesselin acquired the Belle Vue firm in 1945.

According to announcements recently in New York trade journals, Harold J. Starke, president of Hesselin, will become executive vice president of Barrell, bringing his entire merchandising and sales staff with him. In his new post he will be in charge of all operations currently conducted by Hesselin & Co. J. Morton Curran Jr. is president of Barrell and Sollo M. Kahn, former vice president, becomes chairman of the board.

The consolidation brings together firms with notable backgrounds in the textile industry. Hesselin's history dates back 90 years and Barrell, 60. Mr. Curran, who recently brought his firm, Morton Curran Company into the Barrell organization, added his company's 50 years of textile production and merchandising to what has now developed to be a combination of 200 years of manufacturing and marketing experience in textiles. This is believed to be a record.

The new combination gives the Barrell organization approximately 192,000 spindles and 4,320 looms.
