'Drys' Group On ABC Vote For Battle

Neil Clark has been named temporary chairman of a group pledged to fight the establishment of ABC stores in Orange county in a special election here Feb. 3.

Meeting at the University Baptist Church Friday night, the "dry" forces organized after hearing the Rev. R. M. Hauss, Shelby, say that at least 1,500 more registered voters will be needed.

Rev. Hauss urged the local "drys" to put the pressure on clergymen, representatives and other county leaders to take an active part in the campaign.

The speaker called for the same pressure to be applied to Senator Edwin S. Lanier to get him to lead the dry forces' movement, but Lanier later rejected the bid.

Rev. Hauss told that "about half" of Chapel Hill's ministers could be counted on to take no stand on the issue, urged the 40 persons in attendance to "approach them anyhow, and light a fire under them."

The group will meet again at Hillsboro Sunday.

Traditional Thanksgiving Events Today

Today will be a holiday for most Orange County residents. It will also be a day for special religious services, family turkey dinners, football contests and just plain rest for the weary.

Thanksgiving means a two-day holiday for the public schools, for all Orange County students and teachers and for many boys and girls attending colleges and universities. County and city schools closed yesterday to reopen Monday morning, as did the University.

There will be a one-day holiday for most business firms, as well as other public institutions such as banks, postoffices, government offices. The majority will observe the day at home around the traditional Thanksgiving dinners as families gather from far and wide. Others will take advantage of the holiday for hunting or other recreational activity.

In Hillsboro a Thanksgiving Union service was held last night at the Presbyterian Church with the Rev. S. T. Kimbrough, pastor of the Methodist Church, speaking. Churches of all denominations participated in the service.

Thanksgiving Day as always will mark the opening of the hunting season for most game animals and birds and, many Orange County hunters are expected to take to the woods for game.

An excellent sports menu has been arranged in the form of the Duke-Carolina Freshman game at Duke Stadium for the benefit of the Cerebral Palsy Foundation at 2 o'clock. There will be college and professional football game by radio and television for those who do not wish to leave home.
