THEY'RE OFF! —THE COUNTY commissioners' candidates, that is. The three announced seekers of the two seats at stake opened the local political season this week with a joint barnstorming act before the Hillsboro Lions Club. Several more similar appearances are in the works before other civic groups around the County. This type of circuit-riding gives a bigger build-up to all candidates collectively, while establishing none of 'em as the previous favorite of their listeners.

AN EARLY MORNING FIRE alarm in the Sunset Drive area of Chapel Hill last Friday proved to be just a fire, and nothing alarming—except for billowing smoke that rose from a vat of food a man was cooking for some hogs.

THE COUNTY'S ABC OFFICERS are trying to tap an additional source of revenue for the public school system. Autos in cases where liquor is concealed in vehicles are subject to confiscation. A pick-up truck was recently sold in this manner. And two cars, worth \$1,000 to \$1,500 together, are currently being held pending the defendants' trials.

"WHAT, NO BAKING POWDER!" That was the reaction of several housewives to the pound cake recipe contributed to The News last week by Mrs. B. L. Smith of Chapel Hill. The cook reassures that no baking powder is needed or intended in her recipe. There are enough eggs in the cake to take care of "rising."

WAKE FOREST BASKETBALL Coach Bones McKinney is reported to be a front runner in the annual Ugliest Man on Campus (UMOC) contest being conducted on the UNC campus. Carolina students, with an understandable lack of amour for the Deacon coach, sponsored his entry in the competition which is being staged to benefit the CARE food package program. The winner will get an engraved mahogany plaque from the sponsoring Alpha Phi Omega service fraternity.

THE \$2.4 MILLION DOLLAR Univac electronic brain machine on the UNC campus takes only 1/17 millionth of a second to make a decision in its computation work for the national census. With the aid of UNC's Univac and two other similar machines the final compilation of the census is expected to be completed in 1962.
