**HIS KEEPERS OUT AT** Hogan's Lake assure there's no truth to the rumor that Rameses has been stolen by Duke students. Carolina's ram mascot is contentedly and confidently grazing in his accustomed pasture, the Hogans declare, all set for Saturday's upset victory over the Blue Devils.

**ORANGE COUNTY REP. JOHN Umstead**, a long-time trustee of the University, is laying low for the time being as to his opinion on the Board of Higher Education's recommended reductions of UNC budget requests. But the veteran legislator will say flatly that he thinks the percentage of cuts the Board is proposing is too high. —Look for sparks to fly on the Assembly floor when Rep. Umstead discusses this appropriation in the Legislature.

**HAROLD LUSK, JR. UNC SENIOR** from Charlotte, is the student who punched his way into a controversial hometown hall of fame by allegedly socking referee Sid Hughes of Norfolk right after the end of last Saturday's Carolina-Maryland game. Assault charges are pending against Lusk in the local Recorder's Court. While Lusk said this week he didn't remember throwing the famous punch, some law enforcement officers said they were eye witnesses. The defendant was nursing a thick lip Saturday night. Who gave it to him? Divided opinion on that, too.

**BIG PERENNIAL PROBLEM** of Community Chest solicitors every year is duplication of effort. Some persons are solicited and give at home, some at work, and some both. During the recent campaign one resident told a Chest official she'd been hit seven times. The Chest folks checked and were able to document five instances. Actually, they noted, duplication of solicitation isn't nearly as great a problem as insufficient coverage.

**SEVEN-YEAR-OLD JEANETTE** Martin of Highway 70-A just east of Mebane is still in Memorial Hospital with very serious injuries sustained when she was struck by a car as she got off a school bus in front of her house at 4 p.m. last Thursday. Investigating Highway Patrolman E. S. Robinson said that Jack Rudder, about 50, of Route Two, Hillsboro, has been charged with passing a stopped school bus, in connection with the accident. Rudder told the officer he didn't see the stopped bus. His auto skidded about 75 feet down the highway and knocked the little girl almost that far. According to the patrolman there was adequate visibility on the road at that time, the stop sign on the bus was projecting, and the bus light flasher working.

**INTRODUCING FACULTY CLUB** speaker Prof. U. T. Holmes on Tuesday. Club President J. P. Harland related a number of background facts and accomplishments such as Prof. Holmes' writings, his acting and singing versatility, linguistic facility, and the fact that he was also a coin collector. "That's right, collects money," quipped Faculty Dean Jim Godfrey.
