

White Cross school dispute erupts before county board

—Story on Page 8

Orange Pealings

AN EXTRA RIPPLE OF AP-
plause went through the audience
at Davidson College graduation
exercises last Sunday while a ci-
tation conferring an honorary
torate on UNC President Bill Fri-
day was being read. The docu-
ment — obviously written quite
recently — noted the university
administrator's "courage" in
dealing with intercollegiate ath-
letic matters.

THE NEWSMAN'S POLL OF
reaction to the University's new
decree on athletics shows this
general trend: Faculty—100 per
cent in favor; athletic depart-
ment—not happy but not sur-
prised; hometown drugstore
quarterbacks—"Now if it was me
I tell you what I'd do in that
situation . . ."; UNC students—
75 per cent favorable; alumni—
"What we need is a return to the
good old days."

THE GOOD SHEPHERD OF
the G.O.P. in Orange County,
Col. Holland Robb, had this to
say of the Legislature's Congres-
sional re-districting bill to pit
Republican Rep. Charlie Jonas
against Demo Paul Kitchin: "I
know of no reason to complain
about it. Mr. Jonas is a good man
and he'll be elected. A lot of peo-
ple are going to vote for him
whether they're Democrats or Re-
publicans."

THE CHAPEL HILL SCHOOL
Board's adopted policy on pupil
assignment, as noted in news
story, this issue, will continue
basically un-changed for the com-
ing school year. —Or will it? The
question really remains to be an-
swered after the three new lib-
erally - oriented School Board
members are sworn in next
month. They may choose to
change the policy, and if so, will
likely carry their will with a ma-
jority of the Board members.

PRICE OF WHITE LIQUOR IN
Orange County, according to our
saloon editor, has gone up from
the old standby of \$18 a case to
\$40 now—and it's scarce at any
price. The fee has been kited by
the increasingly strict pressure
of the County's ABC police.

IT IS RELIABLY REPORTED
that Durham-Chapel Hill civic
leader-philanthropist Watts Hill
Sr. has registered strong opposi-
tion to the proposed sidewalk
canopy in letters to several per-
sons in Chapel Hill. Mr. Hill pro-
vided the sketches by architect
Archie Davis that show a col-
onial Williamsburg conception for
downtown Chapel Hill. These are

Layer's legacy...

'EGG-HEAD'S LIFE WORK—Henry Johnson, poultry farmer of Route One, Hillsboro, shows off one of the 30,000 hybrid laying hens on his place to Fred Cates of Hillsboro, who was among the 125 persons who went on the North Central Area Development Association tour for Orange County last Thursday. The more than 250 eggs in the baskets in front represent the approximate number the four-pound bird may be expected to produce during her one-year laying life — about eight times her own weight!
