**LYNN BABB OF HILLSBORO** is serving as a page in the House of Representatives for the Legislature in Raleigh this week. One of about 20 in the House, she is supposed to keep up with her school work, and took books and assignments with her for moon-lighting study. The Babbs used to live next door to House Speaker Cliff Blue in Carthage.

**MEMBERS OF THE CARRBORO** Lions Club, abetted by the Women's Civic Club, are developing the Lions' tract between the ball park and the Town Hall as a family picnic ground. The men cleared out the woods last week and will soon begin setting up playground equipment and picnic shelters.

**MRS. ANN MURRAY OF** Chapel Hill and daughter Gael were treated to a close-up of JFK at his ocean-front vacation villa in Palm Beach on Easter Sunday. After attending mass in Palm Beach they drove down the ocean boulevard, and saw quite a crowd of newsmen and other citizens standing around. A short while later the president, Jackie, and Caroline all came out, posed for photographers, and shook hands with many in the crowd.

**A CAROLINA STUDENT** from Charlotte paid dearly in Recorder's Court this week for a moment of casual reckless action. The defendant, 18-year-old Walter Charnley, was charged by Carrboro Patrolman Albert L. Pendergrass with committing the unusual crime of interfering with a telephone line. It seems he opened the police telephone box on Main St. in downtown Carrboro, spun the dial a few times, and then walked off without properly replacing the receiver. Price of his attempted call: \$25 and costs.

**CHAPEL HILL OFFICIALS** are warily considering the use of some new-type traffic barriers kind of like the ones that drivers made short work of in front of the postoffice recently. The new models are red-tipped flexible yellow plastic poles about two feet high. Though based in metal sockets imbedded in the street, as were their ill-fated predecessors, the new ones have a screw-type anchor in the socket and are replaceable.

**ABOUT 125 UNIVERSITY STUDENTS** are on the verge of having their cars sent home because they are approaching the administration-imposed limit of having been given five tickets for illegal parking. To date about 20 have lost their campus auto rights in this manner. It's all a part of the University's current clamp-down on student auto regulations.

**THE TOWN OF CHAPEL HILL** received its new \$20,500 fire truck last Thursday. For the time being it's being kept in the Glen Lennox fire station. The 1,000-gallon-a-minute pumper will be put through underwriters' tests next week before it's finally accepted by the town.

**BUSINESSMEN AND TOWN** officials in Chapel Hill were treated to a highway junket on one of Carolina Trailways' new
