Chapel Hill, Hillsborough, Carrboro—Between and Beyond

VOL. 72, NO. 31

HILLSBOROUGH AND CHAPEL HILL, N. C., THURSDAY, JULY 30, 1964

24 PAGES

FOURTEEN OF CHAPEL Hill's supposedly staid, safe, Rotarians are driving around sporty new 1964 Ford Mustangs today—and they'll have 'em for a week (or more if they buy!). It's a promotional program by Ford. The "free sample" cars were awarded at last night's Rotary meeting following an auto industry public relations talk by E. F. Layman, car merchandising manager for the Charlotte District of Ford. The dudes driving the fast-backs are, Dr. Bob Zeppa, Doug Powell, Ira Ward, Fred Reid, Charlie Shaffer, John Foushee, Fred Bowman, Ken Byerly, H. S. McGinty, Norman Armstrong, Jerry Hudson, John Wettach, Hugh Hunter, and Bill Locke.

PERCY QUINLAN, OWNER OF the Tar Heel Sandwich Shop in Chapel Hill, is currently working on a new place — "The Scoreboard"—which he'll open shortly for sports-minded beer drinkers adjoining his present place on N. Columbia St. Built around the scoreboard theme, it will feature latest scores on all athletic contests, and have a radio and TV set tuned in on sports for fans in the house. Percy has operated the Sandwich Shop here for the past nine years.

CRAIG NEWMAN, SUCCINCT son of Dr. and Mrs. William Newman of Old Mill Rd., sent his parents a card quite to the point a week after he left for the National Boy Scout Jamboree recently. The first words they heard of his trip: "Dear Mom and Dad, I know you wonder how I made out after I got lost. The boys finally found me, but I lost my glasses at the (World's) Fair. Otherwise I'm having a ball. Love, Craig." The second card came three days later: "Dear Mom and Dad, if you got my other card, you got about all the news I had. Write soon. Love, Craig."

THE TOWN OF CHAPEL HILL will afford relief to motorists who happen to park alongside some of the deep spots along the curb if the rest of the angle parking is changed to parallel parking. The level of the gutters by these drains will be raised. Otherwise some of the curb-parking drivers wouldn't be able to open their car doors on the sidewalk side.

IT IS WITH A BIT OF CON- sternation that some school and local government officials ponder the fact that the new 120-acre site for the Chapel Hill High School above the University Airport is outside the local zoning area. The area cannot be enlarged without approval of the general assembly, though there has been some interest among residents of the north-side area along N.C. Highway 86 in joining the Chapel Hill zoning district. The school land probably borders the district, or may even be in it on its south side.

School funds appropriated as county budget is passed
